Subject: IAB Report
Date: Monday, March 9, 2020 6:40:00 PM
Attachments: [AA_TransmittalDelays200309.pdf](#)

Good evening sir:

The Office of Inspector General is preparing to issue a report on the Department's administrative investigation and force review processes. As part of that report, we are reporting the time provided unit commanders to adjudicate cases, the time the case review panel is giving to review and approve those adjudications, and how close to the statute of limitations these adjudications are completed.

I have attached to this email an encrypted file containing the raw data from eighty six administrative investigations in which:

- The investigations were conducted by IAB
- The OIG was provided with the transmittal letter
- The subjects were sworn personnel

This information is from primary sources provided to the OIG by the Department. It covers a period primarily through late 2018, because the Department stopped providing the OIG much of this information after the election of the current Sheriff. If there are additional transmittal letters or additional information for us to include in this calculation, please provide them to me.

If there is any information which is incorrect in this list, please let me know (although the rank of the individuals will not be included in the report and is not relevant other than to identify the person as sworn).

This document is encrypted and password protected by two passwords: one is for opening the document, the other is for printing the document. Please call me for the passwords.

Thank you.

Dan
