EXECUTIVE SUMMARY

The Los Angeles County Sheriff's Department (LASD) is committed to maintaining a secure and constitutional jail system. As part of this effort, a periodic report is essential to better understand and quantify population trends. This *Custody Division Quarterly Report* reports data collected during the Fourth Quarter of 2018, and is produced by the Population Management Bureau (PMB) Analysis Unit.

The average daily inmate population (ADIP) during the fourth quarter of 2018 was 16,889. This number includes approximately 281 inmates participating in community-based alternatives to custody programs. This is lower than the fourth quarter of 2017 ADIP average of 17,408, including approximately 323 who participated in the community-based alternative to custody programs.

The Traditional County Sentenced (TCS) population this quarter was approximately 1,380. This is slightly higher than last quarter (1,318). The number of inmates sentenced under 1170 PC was approximately 2,637. This is slightly less than last quarter (2,683) totals.

The mental health population increased slightly to 5,272 (from 5,184 last quarter) and comprised 32 percent of the total inmate population. During the fourth quarter of 2017, the mental health population was 4,817 and comprised 28 percent of the total inmate population. The continuing increase in the mental health population has necessitated the conversion of several general population housing units into mental health housing.

Conditions of over-crowding remained this quarter and necessitated the continued use of percentage release to manage the inmate population. Inmates serving traditional county sentence completed 10 percent of their court ordered sentences. Inmates who were serving sentences for designated serious and/or violent offenses (M7 charges) and those sentenced under 1170 PC (AB109) continued to serve 100 percent of their sentences, minus any time credits earned. For further information regarding this quarter's percentage release criteria see page 9 of this report.

In late-March 2018, the Department extended the release provision under penal code section 4024.1, which grants the Sheriff the authority to accelerate the release, discharge, or expiration of sentence date of sentenced inmates up to a maximum of 30 days or 10 percent off their term of sentence. Prior to March 2018, the Department utilized this section by allowing inmates five (5) additional days off their sentence, due to the critical need for space, it was extended to the maximum 30 days.

Information encompassed in this report/document depicts data related to a specific date and time. Data may differ based on numerous factors related to an inmate's status, disposition, facility, etc. Information may differ based on systems queried, archived information, date/time parameters or numerous other factors. Information in disparate reports should not be combined as data sets may be inconsistent in queries and responses.

FOURTH QUARTER 2018 - ARRESTS VS. BOOKINGS

The graph below compares the average Arrests and Bookings for this quarter.

FOURTH QUARTER 2018 – BOOKINGS VS. RELEASES

LASD averaged approximately 9,097 releases this quarter. That's a decrease of approximately 8 percent of releases compared to last quarter (average of 9,863).

LA COUNTY JAIL RELEASE PRACTICES

Due to conditions of overcrowding, during this quarter traditional county sentenced inmates were subject to early release under the following conditions.

| Month | Release Criteria Male | Release Criteria Female | Criteria Release | | **Short Sentence Female |
|----------|--------------------------|-------------------------------|------------------|----------|-------------------------------|
| October | 10% | 10% | 100% | 180 days | 180 days |
| November | 10% | 10% | 100% | 180 days | 180 days |
| December | 10% | 10% | 100% | 180 days | 180 days |

*Inmates who have designated serious and/or violent offences or have notoriety in the community are classified as M7, which requires their record jacket go through extra 'security' checks prior to release from Sheriff's custody.

**Shorts are inmates who are sentenced to a term in county jail, which after all legal credits are awarded and the current jail percentage time is considered, are immediately released from Sheriff's custody after processing from court.

CLASSIFICATION AND RE-CLASSIFICATION

LASD utilizes the Northpointe Classification system to assign security levels to inmates. The security levels guide where an inmate will be housed based on their individual risk for in-custody misconduct. Lower security housing areas offer more programming and privileges to better prepare the inmates for release. Higher security housing is more restricted and therefore limited in what programs are offered, due to potential risk of serious misconduct and/or escape by the high security level inmate population.

| *Jail Population by Security Level | | | | | | | | | | | |

*K-10 (Ad-Seg) inmates are re-evaluated for reclassification of security level during the re-class process which occurs every 45 days.

This chart only includes inmates housed in LASD Type II facilities. Does not include inmates housed in alternative custody beds

The pie graph above depicts the average number of inmates housed this quarter by security level. The percentage is calculated to the Facility ADIP for this quarter (16,302).

Re-Classification Statistics

Inmates are periodically reclassified (approximately every 45 days) to determine if their security level is still appropriate or should be reduced or increased based upon their conduct.

Offenders who are sentenced under AB109 are eligible to receive credits pursuant to Penal Code 4019.1. The average number of inmates enrolled in the Fire Camp training program for this quarter was 67.

The Back on Track (BOT) program began in February 2015 and is overseen by EBI staff. The program delivers education and comprehensive reentry services to offenders before and after a participant is released from jail. The program focuses on the critical time following an inmate's release from jail, by providing the seamless reentry services vital for success, including employment and life skill services. This program is available to inmates who have been sentenced under AB109 and are eligible to receive Milestone credits. They must be enrolled in the program for 18 months—divided into 9 months in-custody and 9 months out-of-custody.

ALTERNATIVES TO CUSTODY PROGRAMS

CUSTODY DIVISION POPULATION QUARTERLY REPORT FOURTH QUARTER 2018

ALTERNATIVES TO CUSTODY PROGRAMS

The Community Transition Unit (CTU), the Community Based Alternatives to Custody Unit (CBAC), and the Compliance Team work together by utilizing a variety of alternatives to custody programming options in an effort to enhance an inmate's chance of success upon release. These programs are conducted in collaboration with local agencies including Community and Faith Based Organizations, Department of Mental Health (DMH), Department of Public Health (DPH), and other organizations. It is the Department's goal to program inmates from intake through reentry into the community. With this approach, we hope to increase public safety and reduce the rate of recidivism.

Supported by release planning overseen by the CTU, and in partnership with contracted services, inmates are provided re-entry assistance through linkages to services that are initiated while they are in-custody and continue upon release. Through the Alternatives to Custody (ATC) programs, qualifying inmates are afforded the opportunity to complete the remaining portion of their sentence in a community treatment program. Inmates who do not qualify for ATC due to security or other reasons are referred to community providers for re-entry assistance.

The ATC programs include:

Substance Treatment and Reentry Transition (S.T.A.R.T)

The Substance Treatment and Re-entry Transition (START) program is a Department Public Health, Substance Abuse Prevention Control (SAPC) funded program that places eligible male and female inmates into residential substance use disorder (SUD) treatment programs on electronic GPS monitoring as an alternative to custody (ATC) program.

Community Grant Beds

The Community Grant beds are funded through community grants. They work directly with various residential programs approved by LASD, but not affiliated with the START program, and they offer treatment beds for inmates under the ATC program. Several programs cater to specific clientele who fit a specified demographic in regards to age and gender.

Veteran's Administration (VA)

The Veteran's Administration (VA) funds SUD residential treatment, under the ATC program for inmates who are confirmed to be a veteran entitled to VA Benefits. The treatment programs are approved by the VA and are vetted by LASD.

Transitional Case Management Program (TCM)

The Transitional Case Management Program (TCM) is a Department of Public Health (DPH) funded program, whereby DPH employees refer HIV infected inmates to a residential SUD treatment facility, approved and vetted by LASD, under the ATC program.

TARZANA TREATMENT CENTER DMH/SUD PROGRAM

Tarzana Treatment Center, in partnership with LASD, DHS Correctional Health, and the Department of Mental Health, has made available 40 total beds for inmates with a co-occurring mild to moderate mental health diagnosis, and a substance use disorder (SUD). Inmates are identified by DHS Jail Linkage staff and referred to Tarzana treatment for assessment and acceptance. Inmates must still qualify for ATC programming through a validated risk assessment and criminal history review.

MENTAL HEALTH DIVERSION - NORMANDIE VILLAGE/GATEWAY

Normandie Village treats eligible male N3 inmates with mental illness who are a low security risk, and in a stabilized condition. They are selected to complete the remaining 60-180 days of their sentence in a 42 bed community-based Institution for Mental Disease (IMD) step-down facility.

For acceptance into these programs, inmates must volunteer to participate in services and meet the following criteria:

- 1. Be 18-54 years of age
- 2. Must have a primary Axis I major psychiatric diagnosis
- 3. May have a secondary Axis I diagnosis of substance abuse
- 4. Must not be a registered sex offender
- 5. Must not have a fire setting history
- 6. Must be ambulatory
- 7. Must not have a serious or life-threatening medical problem
- 8. Must not require treatment in a locked setting
- 9. Must have applied for SSI

COMMUNITY BASED ALTERNATIVES TO CUSTODY (CBAC)

The PMB's CBAC unit identifies low risk sentenced offenders within the jail population who qualify to finish their remaining sentence in and out-of-custody alternative environment. Although these individuals are outside of traditional custody, they are still under the jurisdiction of the Department.

| CBAC Monthly Placement | | | | | | | | | | | |

The graph below depicts the total number of offenders who successfully completed the remainder of their sentence on a CBAC program. It also shows the number of offenders who failed to complete the program, and with the efforts of the PMB Compliance Unit, were returned back to finish their sentence, and those who failed to complete the program and were not returned back to custody.

CTU COORDINATED RELEASES TO VARIOUS PROGRAMS

The final 90 days leading to an inmate's release from custody are the most critical in ensuring a successful transition from Custody to Community Based Organization (CBO) Treatment Centers. During the time leading up to their release, inmates are interviewed several times by the CBO Staff and members of the Community Transition Unit to ensure that they are matched up with a suitable treatment provider.

The coordinated release process helps to create a trust between law enforcement, inmate participants, and CBO's. The CTU's ultimate goal is to provide a successful recovery and re-entry into the community and to ultimately decrease recidivism.

CTU VITAL RECORDS

Through the Vital Records Program, LASD staff members have been deputized by the County Registrar-Recorder to facilitate birth certificate applications for inmates born in Los Angeles County, who have requested a certified copy. The fee of \$32 for certified copies of birth certificates is funded by the Inmate Welfare Fund.

All inmates in custody are eligible to apply for a California ID Card. The issued ID's are provided to the inmates upon their release. The inmates must still report to the DMV to obtain a driver license following their release.
