#### **EXECUTIVE SUMMARY**

The Los Angeles County Sheriff's Department (LASD) is committed to maintaining a secure and constitutional jail system. As part of this effort, a periodic report is essential to better understand and quantify population trends. This *Custody Division Population Quarterly Report* summarizes data collected during the Fourth Quarter of 2019, and is produced by the Population Management Bureau (PMB) Analysis Unit.

The average total inmate population during the fourth quarter of 2019 was 17,445. This number includes the 17,203 average daily inmate population (ADIP) and the 242 average number of inmates that participated in community-based alternatives to custody programs. This is higher than the fourth quarter of 2018 average of 16,889.

Conditions of over-crowding remained this quarter and necessitated the continued use of percentage release to manage the inmate population. Inmates serving traditional county sentence completed 10 percent of their court ordered sentences. Inmates who were serving sentences for designated serious and/or violent offenses (M7 charges) and those sentenced under 1170 PC (AB109) continued to serve 100 percent of their sentences, minus any time credits earned. For further information regarding this quarter's percentage release criteria see page 8 of this report.

In late-March 2018, the Department extended the release provision under penal code section 4024.1, which grants the Sheriff the authority to accelerate the release, discharge, or expiration of sentence date of sentenced inmates up to a maximum of 30 days or 10 percent off their term of sentence. Prior to March 2018, the Department utilized this section by allowing inmates five (5) additional days off their sentence, due to the critical need for space, it was extended to the maximum 30 days.

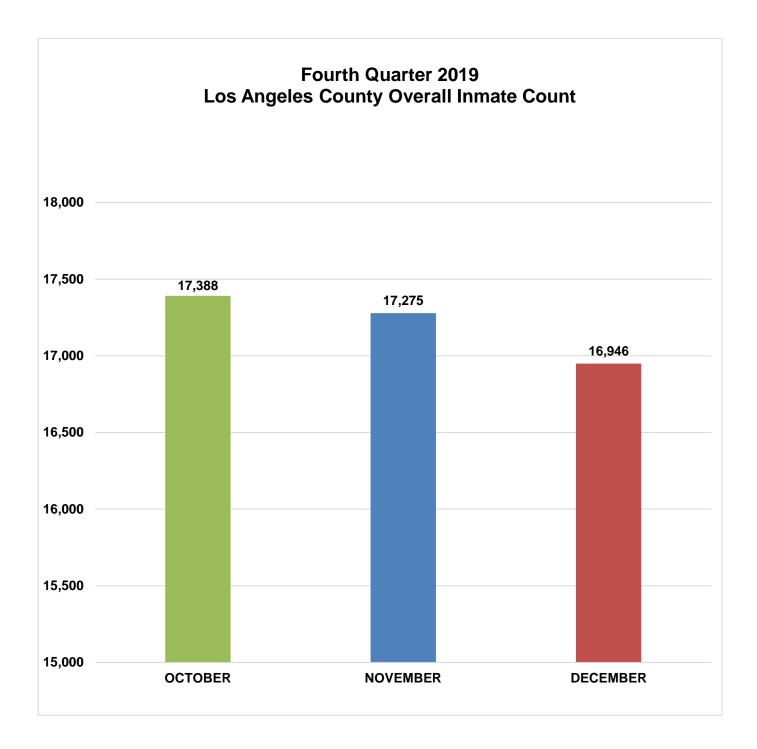

The Traditional County Sentenced (TCS) population this quarter was approximately 1,463, slightly higher than last quarter (1,462), and the number of inmates sentenced under 1170 PC was approximately 2,361, which is slightly more than last quarter's (2,330) total.

The mental health population increased slightly to 6,015 (from 5,785 last quarter) and comprised 35 percent of the total inmate population. During the fourth quarter of 2018, the mental health population was 5,272 and comprised 32 percent of the total inmate population. The continuing increase in the mental health population has necessitated the conversion of several general population housing units into mental health housing.

Information encompassed in this report/document depicts data related to a specific date and time. Data may differ based on numerous factors related to an inmate's status, disposition, facility, etc. Information may differ based on systems queried, archived information, date/time parameters or numerous other factors. Information in disparate reports should not be combined as data sets may be inconsistent in queries and responses.

#### FOURTH QUARTER 2019 - ARRESTS Vs. BOOKINGS

The graph below compares the average Arrests and Bookings for this quarter.

#### FOURTH QUARTER 2019 – BOOKINGS Vs. RELEASES

LASD averaged approximately 8,510 releases this quarter. That is a decrease of approximately 12% of releases compared to last quarter (average of 9,688).

#### LA COUNTY JAIL RELEASE PRACTICES

Due to conditions of overcrowding, during this quarter traditional county sentenced inmates were subject to early release under the following conditions.

Month	Release Criteria Male	Release Criteria Female	*M7 Release Criteria	**Short Sentence Male	**Short Sentence Female
October	10%	10%	100%	180 days	180 days
November	10%	10%	100%	180 days	180 days
December	10%	10%	100%	180 days	180 days

<sup>\*</sup>Inmates classified as M7 have sentences for designated serious and/or violent offenses or have notoriety in the community, which requires their record jacket to go through extra 'security' checks upon release from Sheriff's custody.

<sup>\*\*</sup>Shorts are inmates sentenced to a term in county jail, which after all legal credits are awarded and the current jail percentage time is considered, are immediately released from Sheriff's custody after processing from court.

#### **JAIL POPULATION BY SECURITY LEVEL**

LASD utilizes the Northpointe Classification system to assign security levels to inmates. The security levels guide where an inmate will be housed based on their individual risk for in-custody misconduct. Lower security housing areas offer more programming and privileges to better prepare the inmates for release. Higher security housing is more restricted and therefore limited in what programs are offered, due to potential risk of serious misconduct and/or escape by the high security level inmate population.

*Jail Population by Security Level									
Month Low Medium High Total									
October	3,493	11,538	2,281	17,312					
November	3,573	11,398	2,264	17,235					
December	3,722	10,941	2,239	16,902					
Average	3,596	11,292	2,261	17,149					
Percent	21%	66%	13%	100%					

<sup>\*</sup>K-10 (Ad-Seg) inmates are re-evaluated for reclassification of security level during the re-class process which occurs every 45 days.

The pie graph below depicts the average number of inmates housed this quarter by security level. The percentage is calculated to the Facility ADIP for this quarter (17,149).

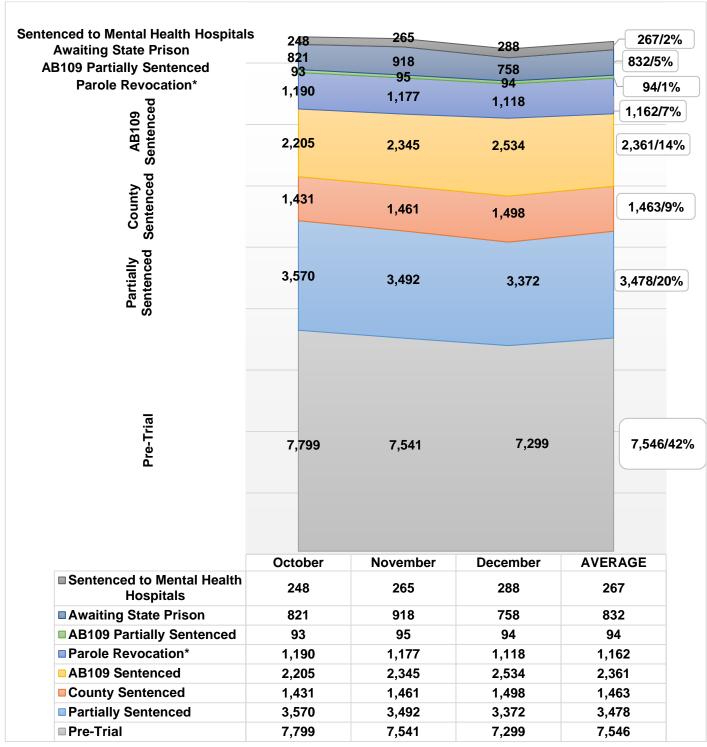

<sup>\*\*</sup>This chart only includes inmates housed in LASD Type II facilities, does not include inmates housed in alternative custody beds.

<sup>\*\*\*</sup>Information contained is based on a snapshot of the daily inmate population purge every Tuesday.

#### **INMATE POPULATION BREAKDOWN**

The inmate population consists of various categories of inmates in broad groupings, including: pre-trial, traditional county sentenced, AB 109 sentenced, AB109 sentenced with additional charges, parole/revocation violators, and those awaiting transfer to State Prison.

<sup>\*</sup>Parole Revocation includes PRCS Revocation 3455, Flash Incarceration 3454 and Inmates with a 3056 hold.

<sup>\*\*</sup>It should be noted that an inmate who is sentence status 1 (often referred to as "pretrial") could be in trial, or even completed trial, but is just not fully sentenced. Most inmates in sentence status 1 will be pretrial.

#### INMATE POPULATION BREAKDOWN CONTINUED

#### Awaiting State Prison

➤ During this quarter, an average of <u>832</u> inmates were awaiting transfer to state prison, some while pending trial on other cases.

#### AB109 PAROLE AND PROBATION VIOLATORS

An average of <u>1,162</u> AB109 inmates were in custody for violating their parole or probation.

#### AB109 SENTENCED

➤ An average of <u>2,361</u> inmates were in custody, sentenced under AB109.

#### • TRADITIONAL COUNTY SENTENCED INMATE POPULATION

➤ The average daily count for the traditional county sentenced (TCS) population was 1,463 approximately 9% of the inmate population.

#### Pre-Trial Inmate Population

During this quarter, there were approximately <u>23,447</u> new bookings into the LA County Jail. Forty-two percent (42%) of the average daily inmate population (17,203) was comprised of inmates who were pre-trial. Pre-trial inmates are those who have an open case and have not been sentenced by the courts.\*

<sup>\*</sup>It should be noted that an inmate who is sentence status 1 (often referred to as "pretrial") could be in trial, or even completed trial, but is just not fully sentenced. Most inmates in sentence status 1 will be pretrial.

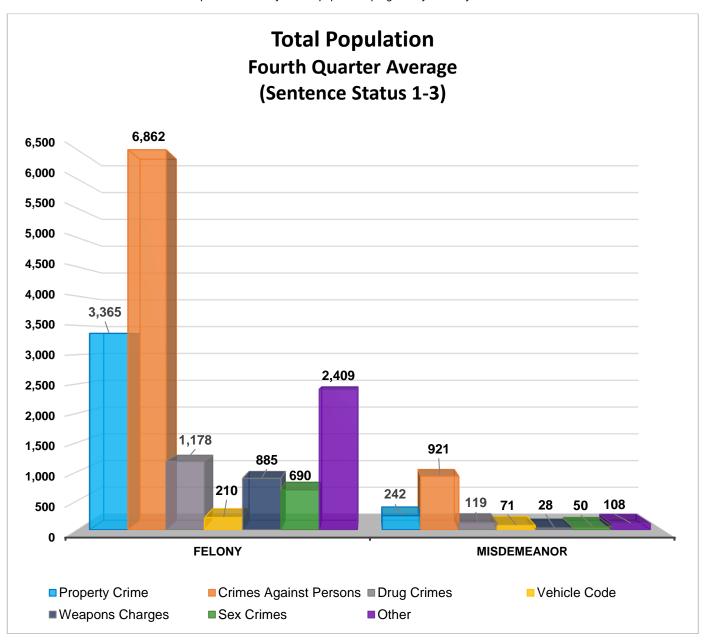

#### **CRIME CLASSIFICATION STATISTICS**

<sup>\*</sup> Information encompassed in this report/ document depicts data related to a specific date and time. Data may differ based on numerous factors related to an inmate's status, disposition, facility, etc. Information may differ based on systems queried, archived information, date/ time parameters or numerous other factors. Information in disparate reports should not be combined as data sets may be inconsistent in queries and responses.

#### MENTAL HEALTH INMATE POPULATION

This quarter the overall inmate population was 17,203. The mental health population accounted for 35 percent of this population. Currently, inmates identified with mental health needs requiring specialized housing moderate or high observation housing, account for 25 percent of the overall population. This remaining 10 percent have been treated and continue to receive psychotropic medication while housed in general population.

<sup>\*</sup> Information contained is based on a snapshot of the daily inmate population purge every Tuesday.

#### MISDEMEANOR INCOMPETENT TO STAND TRIAL (MIST)

The Los Angeles County Jail houses inmates who are awaiting trial for misdemeanor charges who have been found to be incompetent to stand trial. This quarter the average number of inmates on MIST is 299.

# IN-CUSTODY PROGRAMS

#### **LA COUNTY INMATE IN-CUSTODY PROGRAMS**

The Los Angeles County Jail offers several in-custody programs. Programs vary from a number of in-custody work assignments, vocational job training, education, and life skill classes, as well as fire camp training and California Department of Corrections and Rehabilitation fire camp placement for AB109 inmates. Various programs awarded sentenced inmates additional time credits for their participation pursuant to the California Penal Code:

#### **CREDIT EARNINGS**

Program	Penal Code	Credit Earned	Type of Inmate		
Sentenced GT/WT	Sentenced GT/WT 4019 PC Day-for-Day (1:1)		All Sentenced Inmates		
Conservation 4019.1 PC		One and one half-for One (1.5:1)	All Sentenced Inmates		
Fire Camp 4019.2 PC		Two-for-One (2:1)	AB109 Sentenced Inmates		
Milestone 4019.4 PC		Up to 6 weeks per year	AB109 Sentenced Inmates		

#### **CONSERVATION WORK PROGRAM**

The Conservation Work Program (CWP) requires inmates to complete their adjusted sentence while working in various job classifications, giving them the skills and work discipline necessary to increase their chances of success once released. Effective January 2015, all sentenced offenders, including Traditional County Sentenced (TCS) inmates are eligible to receive credits pursuant to Penal Code Section 4019.1. For this quarter, approximately 2,805 offenders (16% of the population) participated in CWP.

CONSERVATION WORK PROGRAM (CWP)							
Inmate Type October November December Quarterly Average							
Inmates Participated In Programs	2,778	2,828	2,808	2,805			

<sup>\*</sup> Information contained is based on a snapshot of the daily inmate population purge every Tuesday.

#### **EDUCATION BASED INCARCERATION PROGRAMS**

The Education Based Incarceration Program (EBI) uses traditional and nontraditional education which is designed to reduce incarceration by increasing the educational, civic, social, economic, and life skills of its participants. Offenders who are sentenced are eligible to receive credits pursuant to Penal Code 4019.4. For this quarter, a total of <u>561</u> Milestone credits were awarded.

#### FIRE CAMP TRAINING PROGRAM

Fire Camp Training and California Institute for Women (CIW) training are aligned under the Conservation Work Program (CWP). This program is the first step of training before an inmate may participate in a State facilitated Fire Camp Program overseen by the California Department of Corrections and Rehabilitation (CDCR). Offenders who are sentenced under AB109 are eligible to receive credits pursuant to Penal Code 4019.1. The average number of inmates enrolled in the Fire Camp training program for this quarter was 77.

### CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION (CDCR) FIRE CAMP PROGRAM

Once an inmate passes all necessary requirements in the Fire Camp Training Program located at PDC East facility, they are transferred to one of five state contracted fire camp sites where they will serve the remainder of their adjusted sentence. Offenders who are sentenced under AB109 are eligible to receive credits pursuant to Penal Code 4019.2. The average number of inmates assigned to CDCR Fire Camps for this quarter was 61.

#### **BACK ON TRACK PROGRAM**

The Back on Track (BOT) program began in February 2015 and is overseen by EBI staff. The program delivers education and comprehensive reentry services to offenders before and after a participant is released from jail. The program focuses on the critical time following an inmate's release from jail, by providing the seamless reentry services vital for success, including employment and life skill services. This program is available to inmates who have been sentenced under AB109 and are eligible to receive Milestone credits. They must be enrolled in the program for 18 months—divided into 9 months in-custody and 9 months out-of-custody.

#### **IN-CUSTODY SUBSTANCE TREATMENT AND REENTRY TRANSITION**

Back On Track	October	November	December	Quarterly Average
South Barrack	66	66	72	68

The jail based Substance Treatment and Reentry Transition (START) treatment services began at CRDF in February 2016 providing substance use disorder (SUD) treatment services to 50 women on any given day. In May of 2017, the program expanded to treat up to 90 women. In May 2017 services began at MCJ for up to 90 gay and transgender inmates and at PDC South facility treating up to 200 men in general population on any given day. In March 2018, services commenced at TTCF to treat up to 90 men with co-occurring mental health and SUD. Treatment services include screening, clinical assessment, group and individual counseling, case management services, medication assisted treatment, re-entry planning and care coordination with CTU and transportation to community based services post release.

# ALTERNATIVES TO CUSTODY PROGRAMS

#### **ALTERNATIVES TO CUSTODY PROGRAMS**

The Community Transition Unit (CTU), the Community Based Alternatives to Custody Unit (CBAC), and the Compliance Team work together by utilizing a variety of alternatives to custody programming options in an effort to enhance an inmate's chance of success upon release. These programs are conducted in collaboration with local agencies including Community and Faith Based Organizations, Department of Mental Health (DMH), Department of Public Health (DPH), and other organizations. It is the Department's goal to program inmates from intake through reentry into the community. With this approach, we hope to increase public safety and reduce the rate of recidivism.

Supported by release planning overseen by the CTU, and in partnership with contracted services, inmates are provided re-entry assistance through linkages to services that are initiated while they are in-custody and continued upon release. Through the Alternatives to Custody (ATC) programs, qualifying inmates are afforded the opportunity to complete the remaining portion of their sentence in a community treatment program. Inmates who do not qualify for ATC due to security or other reasons are referred to community providers for re-entry assistance.

The ATC programs include:

#### SUBSTANCE TREATMENT AND REENTRY TRANSITION

The Substance Treatment and Re-entry Transition (START) program is a Department Public Health, Substance Abuse Prevention Control (SAPC) funded program that places eligible male and female inmates into residential substance use disorder (SUD) treatment programs on electronic GPS monitoring as an alternative to custody (ATC) program.

#### **FEMALE PROGRAMS**

The Female Programs are funded through community grants. They work directly with various residential programs approved by LASD, but not affiliated with the START program, and they offer treatment beds for inmates under the ATC program. Several programs cater to specific clientele who fit a specified demographic in regards to age and gender.

#### **VETERAN'S ADMINISTRATION**

The Veteran's Administration (VA) funds SUD residential treatment, under the ATC program for inmates who are confirmed to be a veteran entitled to VA Benefits. The treatment programs are approved by the VA and are vetted by LASD.

#### TRANSITIONAL CASE MANAGEMENT PROGRAM

The Transitional Case Management Program (TCM) is a Department of Public Health (DPH) funded program, whereby DPH employees refer Human Immunodeficiency Virus (HIV) infected inmates to a residential substance use disorder (SUD) treatment facility, approved and vetted by LASD, under the ATC program.

#### TARZANA TREATMENT CENTER DMH/SUD PROGRAM

Tarzana Treatment Center, in partnership with LASD, DHS Correctional Health, and the Department of Mental Health, has made available 40 total beds for inmates with a co-occurring mild to moderate mental health diagnosis, and a SUD. Inmates are identified by DHS Jail Linkage staff and referred to Tarzana treatment for assessment and acceptance. Inmates must still qualify for ATC programming through a validated risk assessment and criminal history review.

#### MENTAL HEALTH DIVERSION - NORMANDIE VILLAGE/GATEWAY

Normandie Village treats eligible male N3 inmates with mental illness who are a low security risk, and in a stabilized condition. They are selected to complete the remaining 60-180 days of their sentence in a 42 bed community-based Institution for Mental Disease (IMD) step-down facility. For acceptance into these programs, inmates must volunteer to participate in services and meet the following criteria:

- 1. Be 18-54 years of age
- 2. Must have a primary Axis I major psychiatric diagnosis
- 3. May have a secondary Axis I diagnosis of substance abuse
- 4. Must not be a registered sex offender
- 5. Must not have a fire setting history
- 6. Must be ambulatory
- 7. Must not have a serious or life-threatening medical problem
- 8. Must not require treatment in a locked setting
- 9. Must have applied for Supplemental Security Income (SSI)

#### **COMMUNITY BASED ALTERNATIVES TO CUSTODY**

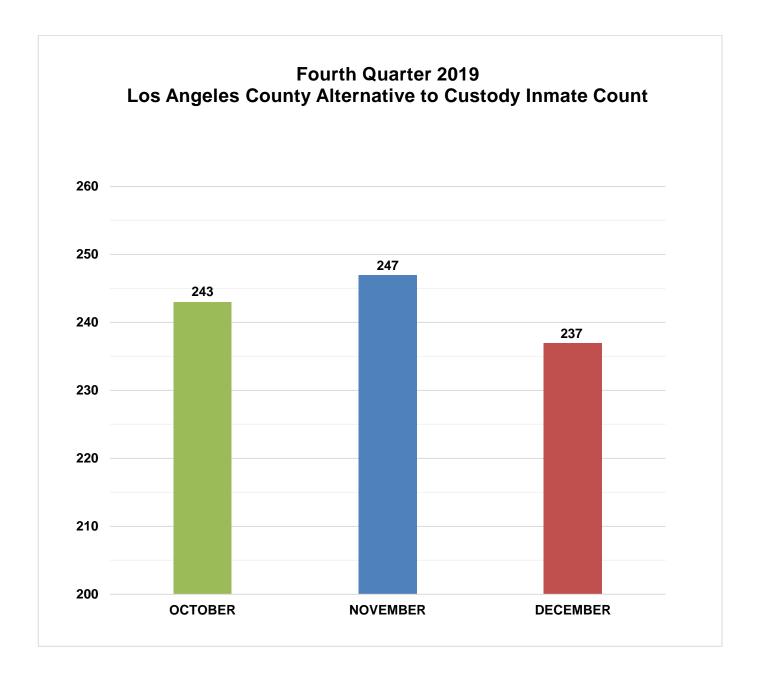

The PMB's Community Based Alternatives to Custody (CBAC) unit identifies low risk sentenced offenders within the jail population who qualify to finish their remaining sentence in and out-of-custody alternative environment. Although these individuals are outside of traditional custody, they are still under the jurisdiction of the Department.

#### **CTU COORDINATED RELEASES TO VARIOUS PROGRAMS**

The final 90 days leading to an inmate's release from custody are the most critical in ensuring a successful transition from Custody to Community Based Organization (CBO) Treatment Centers. During the time leading up to their release, inmates are interviewed several times by the CBO Staff and members of the Community Transition Unit to ensure that they are matched up with a suitable treatment provider.

The coordinated release process helps to create a trust between law enforcement, inmate participants, and CBO's. The CTU's ultimate goal is to provide a successful recovery and re-entry into the community and to ultimately decrease recidivism.

	October	November	December	Total	Average
Coordinated Release	177	141	151	469	156

#### **CTU VITAL RECORDS**

Through the Vital Records Program, LASD staff members have been deputized by the County Registrar-Recorder to facilitate birth certificate applications for inmates born in Los Angeles County, who have requested a certified copy. The fee of \$28 for certified copies of birth certificates is funded by the Inmate Welfare Fund.

All inmates in custody are able to apply for a replacement California Identification Card. The issued ID's are provided to the inmates upon their release. The inmates must still report to the California Department of Motor Vehicles (DMV) to obtain a driver license following their release.
