EXECUTIVE SUMMARY

The Los Angeles County Sheriff's Department (LASD) is committed to maintaining a secure and constitutional jail system. As part of this effort, a periodic report is essential to better understand and quantify population trends. This ***Custody Division Quarterly Report*** reports data collected during the First Quarter of 2017, and is produced by the Population Management Bureau (PMB) Analysis Unit.

The average daily inmate population (ADIP) during the first quarter of 2017 was 17,129. This number includes approximately 491 inmates participating in community-based alternatives to custody programs. This is slightly higher than the fourth quarter of 2016 ADIP average of 16,942, including approximately 530 who participated in the community-based alternative to custody programs.

Conditions of over-crowding remained this quarter and necessitated the continued use of percentage release to manage the inmate population. Inmates serving traditional county sentences completed 30 percent of their court ordered sentences. Inmates who were serving sentences for designated serious and/or violent offenses (M7 charges) and those sentenced under 1170 PC (AB109) continued to serve 100 percent of their sentences, minus any time credits earned. For further information regarding this quarter's percentage release criteria see page 9 of this report.

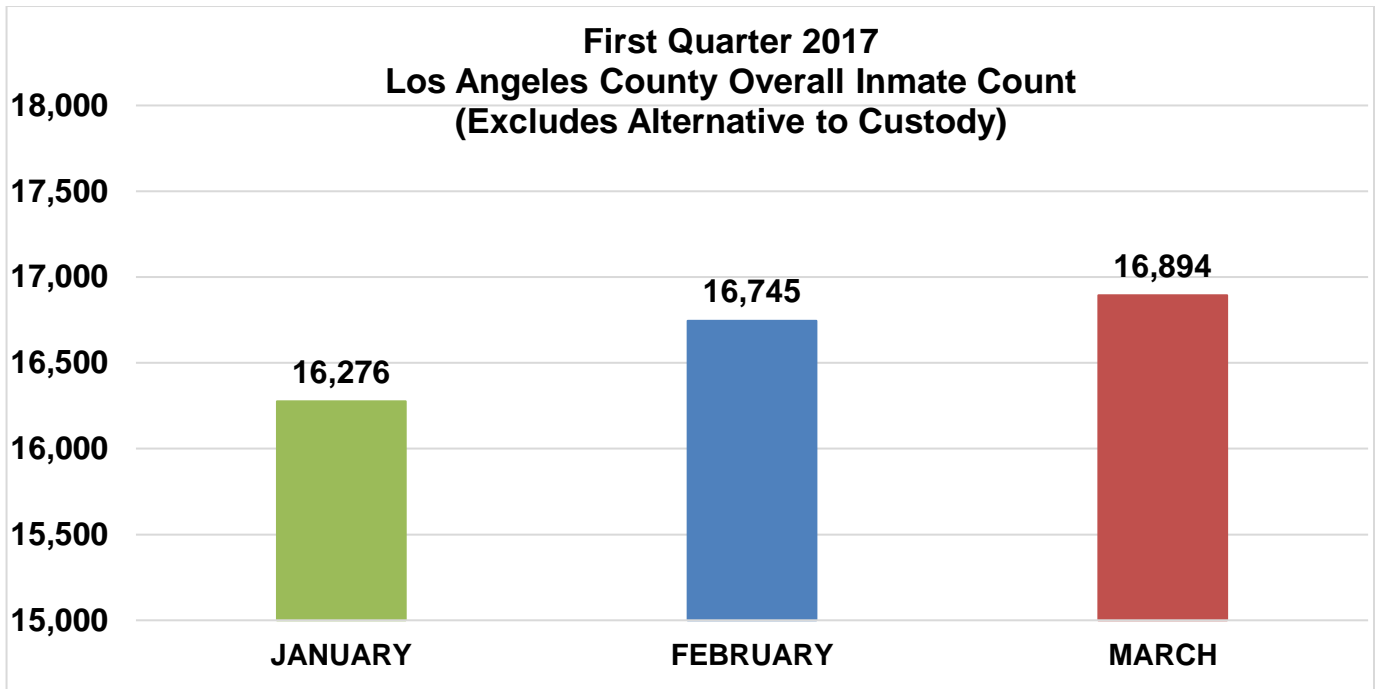

The Traditional County Sentenced (TCS) population this quarter was approximately 1,852, and the number of inmates sentenced under 1170 PC was approximately 3,075. These numbers remain consistent with last quarter's totals. The number of inmates receiving mental health treatment increased slightly to 4,339, but continued to comprise approximately 26 percent of the total inmate population.

In 2017, LASD began compiling reports on the number of inmates who identified themselves as being homeless and/or a veteran of the United States military. On average there were 1,832 individuals in custody who reported they were homeless and 247 who identified themselves as a veteran. For further information regarding these populations see page 10 of this report.

Also included in this report is a breakdown of the number of inmates who are eligible for bail and their associated bail amounts. This report is to be used only as a rough estimate. Limitations with the data system used to compile this report and delays in receiving and updating information from the court system hamper accurate reporting. See page 31 for more information on average bail amounts.

In previous quarters, data was generated from the Custody Inmate Portal (CIP) to determine how many inmates were booked and arrested, which only used the first charge (excluding all other charges) to determine the charge level. Beginning this quarter, we query and categorize all charges by the highest charge level to provide more accurate data.

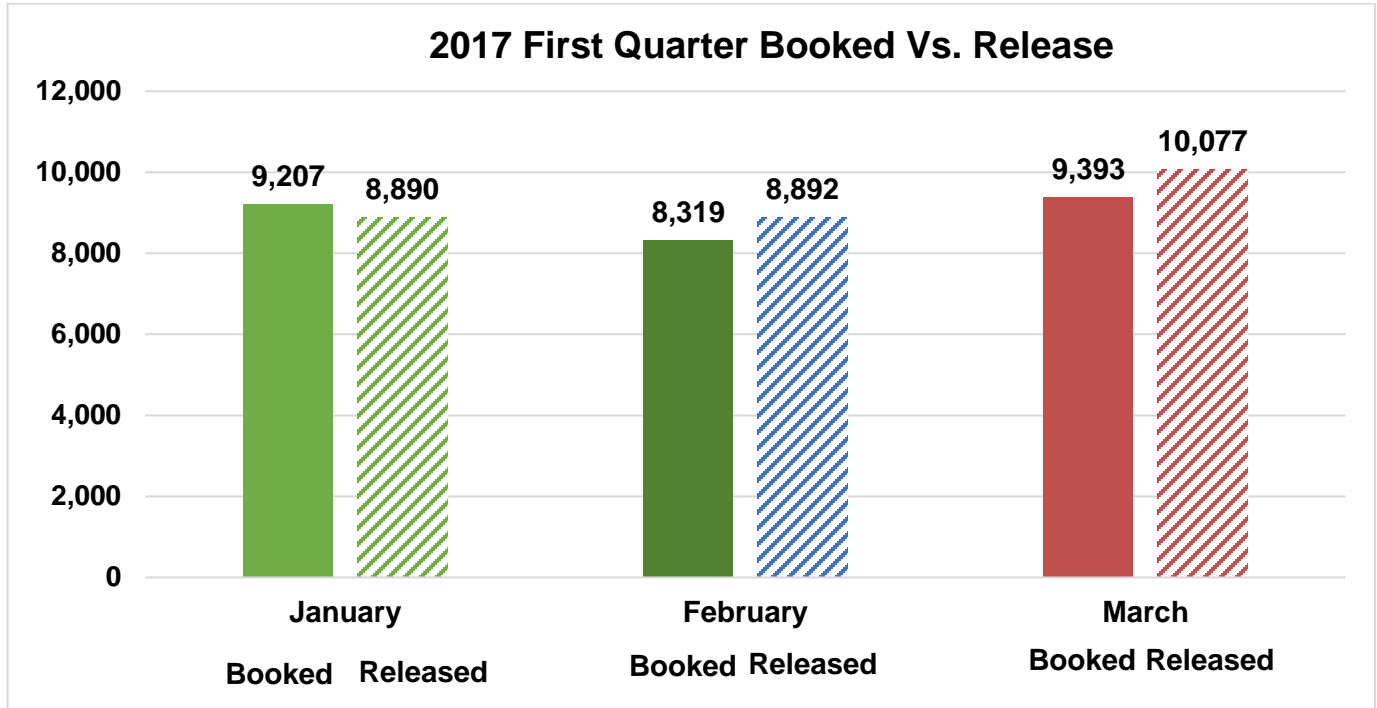

FIRST QUARTER 2017 - ARRESTS VS. BOOKINGS

The graph below compares the average Arrests and Bookings for this quarter.

FIRST QUARTER 2017 – BOOKINGS VS. RELEASES

LASD averaged approximately 9,286 releases this quarter. That's a decrease of approximately 192 releases compared to last quarter (average of 9,478).

LA COUNTY JAIL RELEASE PRACTICES

Due to conditions of overcrowding, during this quarter traditional county sentenced inmates were subject to early release under the following conditions.

| Month | Release Criteria Male | Release Criteria Female | *M7 Release Criteria | **Short Sentence Male | **Short Sentence Female |
|----------|-----------------------|-------------------------|----------------------|-----------------------|-------------------------|
| January | 30% | 30% | 100% | 120 days | 120 days |
| February | 30% | 30% | 100% | 120 days | 120 days |
| March | 30% | 30% | 100% | 120 days | 120 days |

*M7 are inmates who have designated serious and/or violent offences or have notoriety in the community are classified as M7, which requires their record jacket go through extra 'security' checks upon release from Sheriff's custody.

**Shorts are inmates who are sentenced to a term in county jail, which after all legal credits are awarded and the current jail percentage time is considered, are immediately released from Sheriff's custody after processing from court.

AB109 Split and Non Split Sentence

Under AB109, judges can impose a “split sentence” when sentencing a convicted defendant to time in jail. A split sentence requires a portion of the sentence served in custody, and a portion of the sentence served under supervision of the probation department in the community. The Split Sentence option in sentencing results in a shorter stay for inmates.

CLASSIFICATION AND RE-CLASSIFICATION

LASD utilizes the Northpointe Classification system to assign security levels to inmates. The security levels guide where an inmate will be housed based on their individual risk for in-custody misconduct. Lower security housing areas offer more programming and privileges to better prepare the inmates for release. Higher security housing is more restricted and therefore limited in what programs are offered, due to potential risk of serious misconduct and/or escape by the high security level inmate population.

| *Security Level Housing by Facility | | | | |
|--|--------------|--------------|--------------|---------------|
| Month | Low | Medium | High | Total |
| January | 3,648 | 9,556 | 2,706 | 15,910 |
| February | 3,765 | 9,814 | 2,749 | 16,328 |
| March | 3,932 | 9,845 | 2,718 | 16,495 |
| Average | 3,782 | 9,738 | 2,724 | 16,244 |
| Percent | 23% | 60% | 17% | 100% |

*K-10 (Ad-Seg) inmates are re-evaluated for reclassification of security level during the re-class process which occurs every 45 days.
 This chart only includes inmates housed in LASD Type II facilities. Does not include inmates housed in alternative custody beds

The pie graph above depicts the average number of inmates housed this quarter by security level. The percentage is calculated to the Facility ADIP for this quarter (16,638).

Re-Classification Statistics

Inmates are periodically reclassified (approximately every 45 days) to determine if their security level is still appropriate or should be reduced or increased based upon their conduct.

Inmate Population Breakdown

The inmate population consists of various categories of inmates in broad groupings, including: pre-trial, traditional county sentenced, AB 109 sentenced, AB109 sentenced with additional charges, parole/revocation violators, and those awaiting transfer to State Prison.

Parole Revocation includes PRCS Revocation 3455, Flash Incarceration 3454 and Inmates with a 3056 hold.

INMATE POPULATION BREAKDOWN CONTINUED

- **AWAITING STATE PRISON**

- During this quarter, an average of 602 inmates were awaiting transfer to state prison, some while pending trial on other cases.

- **AB109 PAROLE AND PROBATION VIOLATORS**

- An average of 601 AB109 inmates were in custody for violating their parole or probation.

- **AB109 SENTENCED**

- An average of 3,075 inmates were in custody, sentenced under AB109.

- **TRADITIONAL COUNTY SENTENCED INMATE POPULATION**

- The average daily count for the traditional county sentenced (TCS) population was 1,852 approximately 11% of the inmate population.

- **PRE-TRIAL INMATE POPULATION**

- During this quarter, there were approximately 26,919 new bookings into the LA County Jail. Forty-one percent (41%) of the average daily inmate population (16,632) was comprised of inmates who were pre-trial. Pre-trial inmates are those who have an open case and have not been sentenced by the courts.

IN-CUSTODY PROGRAMS

LA COUNTY INMATE IN-CUSTODY PROGRAMS

The Los Angeles County Jail offers several in-custody programs. Programs vary from a number of in-custody work assignments, vocational job training, education, and life skill classes, as well as fire camp training and California Department of California Rehabilitative fire camp placement for AB109 inmates. Various programs award sentenced inmates additional time credits for their participation pursuant to the California Penal Code:

CREDIT EARNINGS

| Program | Penal Code | Credit Earned | Type of Inmate |
|------------------------|------------|----------------------------------|-------------------------|
| Sentenced GT/WT | 4019 PC | Day-for-Day (1:1) | All Sentenced Inmates |

| Milestone | 4019.4 PC | Up to 6 weeks per year | AB109 Sentenced Inmates |

CONSERVATION WORK PROGRAM (CWP)

The Conservation Work Program (CWP) requires inmates to complete their adjusted sentence while working in various job classifications, giving them the skills and work discipline necessary to increase their chances of success once released. Effective January 2015, all sentenced offenders, including Traditional County Sentenced (TCS) inmates are eligible to receive credits pursuant to Penal Code Section 4019.1. For this quarter, approximately 3,012 offenders (18% of the population) participated in CWP.

FIRE CAMP TRAINING PROGRAM

Fire Camp Training and California Institute for Women (CIW/CSCR) training are aligned under the Conservation Work Program (CWP). This program is the first step of training before an inmate may participate in a State facilitated Fire Camp Program. Offenders who are sentenced under AB109 are eligible to receive credits pursuant to Penal Code 4019.1. The average number of inmates enrolled in the Fire Camp training program for this quarter was 67.

EDUCATION BASED INCARCERATION PROGRAMS (EBI-MILESTONE)

The Education Based Incarceration Program (EBI) uses traditional and nontraditional education which is designed to reduce incarceration by increasing the educational, civic, social, economic, and life skills of its participants. Offenders who are sentenced are eligible to receive credits pursuant to Penal Code 4019.4. For this quarter, approximately 10,379 (62% of the population) inmates participated in the EBI program.

A total of 792 Milestone credits were awarded this quarter.

BACK ON TRACK PROGRAM

The Back on Track (BOT) program began in February 2015 and is overseen by EBI staff. The program delivers education and comprehensive reentry services to offenders before and after a participant is released from jail. The program focuses on the critical time following an inmate’s release from jail, by providing the seamless reentry services vital for success, including employment and life skill services. This program is available to inmates who have been sentenced under AB109 and are eligible to receive Milestone credits. They must be enrolled in the program for 18 months—divided into 9 months in-custody and 9 months out-of-custody.

In-Custody S.T.A.R.T

The In-Custody Substance Treatment and Reentry Transition (START) program began in February 2016 with 50 female sentenced inmates housed at CRDF. The inmates were identified by LASD and evaluated to determine their need for Substance Use Disorder (SUD) services while serving their sentences. Principles, Inc. is the Department of Health Services, SAPC’s contact provider; the designated provider to assess the identified inmates for the appropriate level of care (education, outpatient treatment services, and intensive outpatient treatment services) needed and to ensure the inmates are appropriate for the In-Custody SUD program. While phase I of this program was limited to approximately 50 inmates, the goal is to expand to 300 women and 500 men for a total of 800 participants every 90-days, serving approximately 3,200 inmates a year. In January 2017, the original START personnel were informed that a new contractor was taking over the program effective April 1, 2017. In order for them to close out their files, the former staff stopped assessing new inmates for the program, and continued to complete their treatment of inmates who are currently assigned. Inmates that were waiting and/or entering the program and needed assistance, were placed in “pre-start”. Pre-start is facilitated by inmates in the MERIT MASTERS program. Their objective is to ready inmates entering into the program. This change in staffing resulted in the low enrollment numbers reflected below.

| In-Custody S.T.A.R.T (CRDF) | January | February | March | Quarterly Average |

| Enrolled | 13 | 0 | 0 | 4 |
| Completed | 18 | 10 | 19 | 16 |
| Discharged* / Terminated | 0 | 0 | 0 | 0 |

**Inmates are discharged from the program for the following reasons: discipline, transfer to a working dorm, medical reason, released, prison, out-patient or inmates who are transferred out and did not complete the program.*

ALTERNATIVES TO CUSTODY PROGRAMS

ALTERNATIVES TO CUSTODY PROGRAMS

The Community Transition Unit (CTU), the Community Based Alternatives to Custody Unit (CBAC), and the Compliance Team work together by utilizing a variety of alternatives to custody programming options in an effort to enhance an inmate's chance of success upon release. These programs are conducted in collaboration with local agencies including Community and Faith Based Organizations, Department of Mental Health (DMH), Department of Public Health (DPH), and other organizations. It is the Department's goal to program inmates from intake through re-entry into the community. With this approach, we hope to increase public safety and reduce the rate of recidivism.

COMMUNITY TRANSITION UNIT (CTU)

Supported by release planning overseen by the CTU, and in partnership with contracted services, inmates are provided re-entry assistance through linkages to services that are initiated while they are in-custody and continue upon release. Through the Alternatives to Custody (ATC) programs, designated inmates are afforded the opportunity to complete the remaining portion of their sentence in a community treatment program.

Individuals who meet necessary qualifications are placed into a residential treatment program. Inmates who do not qualify for ATC due to security or other reasons are referred to community providers for re-entry assistance.

Substance Treatment and Reentry Transition (S.T.A.R.T)

A joint project between LASD and the Department of Public Health, the Substance Treatment and Reentry Transition (START) program is a two phase program. Phase I involves in-custody drug education. Phase II is alternative to custody community based residential treatment. Enrollment information for the START – ATC program is provided below.

TARZANA TREATMENT CENTER DMH/SUD PROGRAM

Tarzana Treatment Center, in partnership with LASD, DHS Correctional Health, and the Department of Mental Health, has made available 40 total beds for inmates with a co-occurring mild to moderate mental health diagnosis, and a substance use disorder (SUD). These residential SUD beds are for female or male inmates, and include the Alternative to Custody (ATC) ankle monitoring program, and/or post-release treatment referrals. The program began in March, 2017. A process has been implemented for the screening of inmates through jail linkage, and referral to Tarzana treatment for assessment and acceptance. Inmates must still qualify for ATC programming through a validated risk assessment and criminal history review.

MENTAL HEALTH DIVERSION – NORMANDIE VILLAGE/GATEWAY

Community based programs provide a higher level of mental health treatment services compared to the jail setting. Personalized case management is focused on the individual’s mental health needs and treatment. Transition programs have demonstrated an increase in successful outcomes and a reduction in recidivism. Eligible male N3 inmates with mental illness who are a low security risk and stabilized condition are selected to complete the remaining 60-180 days of their sentence in a 42 bed community-based IMD Step-down facility.

For acceptance into program, inmate must volunteer to participate in services and meet the following criteria:

1. Be 18-54 years of age
2. Must have a primary Axis I major psychiatric diagnosis
3. May have a secondary Axis I diagnosis of substance abuse
4. Must not be a registered sex offender
5. Must not have a fire setting history
6. Must be ambulatory
7. Must not have a serious or life-threatening medical problem
8. Must not require treatment in a locked setting
9. Must have applied for SSI

COMMUNITY GRANT BEDS

Some community treatment beds are funded externally and made available to the Department for use as Alternative to Custody housing.

The table below depicts the number of inmates for this quarter who were placed into a community treatment bed for the remainder of their sentence in lieu of incarceration.

| Community Treatment Beds | Placed on Alternative to Custody (ATC) | | | |

| Monthly Totals | 2 | 0 | 1 | 1 |

The table below depicts the overall success for each community treatment bed for this quarter. It must be noted, those who absconded or were returned to custody were not necessarily those placed into the program during this quarter.

COMMUNITY BASED ALTERNATIVES TO CUSTODY (CBAC)

The PMB's CBAC unit identifies low risk sentenced offenders within the jail population who qualify to finish their remaining sentence in and out-of-custody alternative environment. Although these individuals are outside of traditional custody, they are still under the jurisdiction of the Department.

| CBAC Monthly Placement | | | | | | | | | |
|-------------------------------|------------|-----------|------------|------------|-----------|------------|------------|-----------|------------|
| Program | January | | | February | | | March | | |
| | M | F | Total | M | F | Total | M | F | Total |
| Electronic Monitoring Program | 58 | 17 | 75 | 34 | 19 | 53 | 35 | 14 | 49 |

| Monthly Totals | 201 | 39 | 240 | 130 | 33 | 163 | 146 | 40 | 186 |

The graph below depicts the total number of offenders who successfully completed the remainder of their sentence on a CBAC program. It also shows the number of offenders who failed to complete the program and with the efforts of the PMB Compliance Unit, were returned back to finish their sentence and those who failed to complete the program and were not returned back to custody.

RE - ENTRY ASSISTANCE

AFFORDABLE CARE ACT (ACA)

Medi-Cal application assistance is offered to inmates at each jail facility and those inmates on the Work Release Program (WRP), home EMP, community treatment ATC and station workers. The following chart represents enrollment statistics for the first quarter of 2017:

CTU COORDINATED RELEASES TO VARIOUS PROGRAMS

The final 90 days leading to an inmate's release from custody are the most critical in ensuring a successful transition from Custody to Community Based Organization (CBO) Treatment Centers. During the time leading up to their release, inmates are interviewed several times by the CBO Staff and members of the Community Transition Unit to ensure that they are matched up with a suitable treatment provider.

The coordinated release process helps to create a trust between law enforcement, inmate participants, and CBO's. The CTU's ultimate goal is to provide a successful recovery and re-entry into the community and to ultimately decrease recidivism.

| | January | February | March | Total | Average |
|---------------------|---------|----------|-------|-------|---------|
| Coordinated Release | 73 | 73 | 90 | 236 | 79 |

CTU VITAL RECORDS

Through the Vital Records Program, LASD staff members have been deputized by the County Registrar-Recorder to facilitate birth certificate applications for inmates born in Los Angeles County, who have requested a certified copy. The fee of \$28 for certified copies of birth certificates is funded by the Inmate Welfare Fund.

All inmates in custody are eligible to apply for a California ID Card. The issued ID's are provided to the inmates upon their release. The inmates must still report to the DMV to obtain a driver license following their release.
