## **Efforts to Reduce the Jail Population**

The Los Angeles Sheriff's Department (LASD) continues to utilize various methods to manage the inmate population, including but not limited to, leaving the misdemeanor bail admitted at 50K, having been raised from 25K; applying accelerated releases for all inmates by 30 days using CA Penal Code 4024.1 PC; keeping the percentage release at 10% of their court ordered sentences for non-violent charges; and releasing short sentences if they are less than 240 days and non-violent charges.

On October 1, 2023, Pre-Arrest Release Protocols (PARP) was implemented and assisted in diverting additional incarcerated individuals who would have otherwise entered the county jail system. LASD has been working with the California Department of Corrections and Rehabilitation (CDCR) to coordinate the transfer of incarcerated individuals sentenced to state prison. The number of incarcerated individuals awaiting transfer to CDCR (SP – SP4) has dropped significantly from 1,171 in the beginning of January 2023, to 1,048 during the first quarter, with the average of the fourth quarter reduced to 700 SP-SP4 incarcerated individuals, approximately 6% of the total incarcerated population.

Recently, the number of incarcerated individuals sentenced to state prison has stabilized as LASD has been keeping up with the number of newly sentenced state prisoners, and there is no backlog. As of the 15<sup>th</sup> of December, there were 125 SP4 incarcerated individuals (all paperwork is processed) pending transfer to CDCR.

Additionally, LASD has been working with State Hospitals to further reduce the incarcerated population. At the beginning of January 2023, there were 593 incarcerated individuals awaiting transfer to state hospitals. During the first quarter, the population of incarcerated individuals with medical needs was reduced to 353 incarcerated individuals, with the average of the fourth quarter reduced to 192 incarcerated individuals, approximately 2% of the total incarcerated population.

LASD continues to collaborate with the Office of Diversion and Reentry (ODR) on diverting qualified incarcerated individuals to ODR releases, who otherwise would have gone to state hospitals.

Information as of January 16, 2024.

<sup>1</sup>Inmate Reception Center (IRC) is a processing center, not a housing facility.

On June 1, 2023, a new grievance system called the Custody Inmate Grievance Application (CIGA) was implemented. This system streamlines the ability for facilities/units to process, track, and complete grievances or requests.

The capability to compile information for reports is currently being developed. Certain information may not be available during this process.
