Monthly Report
## Community College Bureau

During the month of May, LASD Community College Bureau conducted an active shooter exercise at Los Angeles Harbor College. This wide scale exercise collaborated with surrounding agencies who worked in unison to ensure the safety of all.

This exercise took place at LAHC Library to which the acting suspect shot multiple blank rounds simulating a shooting. LAHC Deputies and Security Officers responded in seconds, barricading the acting suspect to the second floor LAHC Library. LAHC Administration was notified and initiated a full lock down.

Using both the Everbridge Mass Notification System and the phone intercoms throughout all LAHC Buildings, Students and Faculty were notified. LAHC Faculty was able to utilize their previous active shooter training from our Training and Support Unit such as locking all doors, blocking entrances to the classrooms, and silencing cellphones.
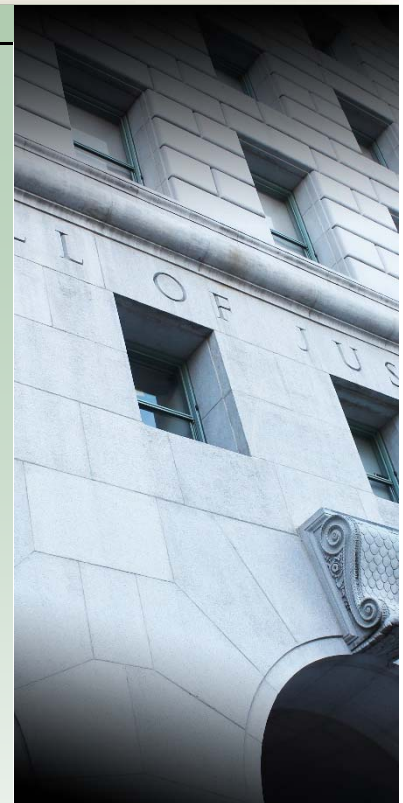

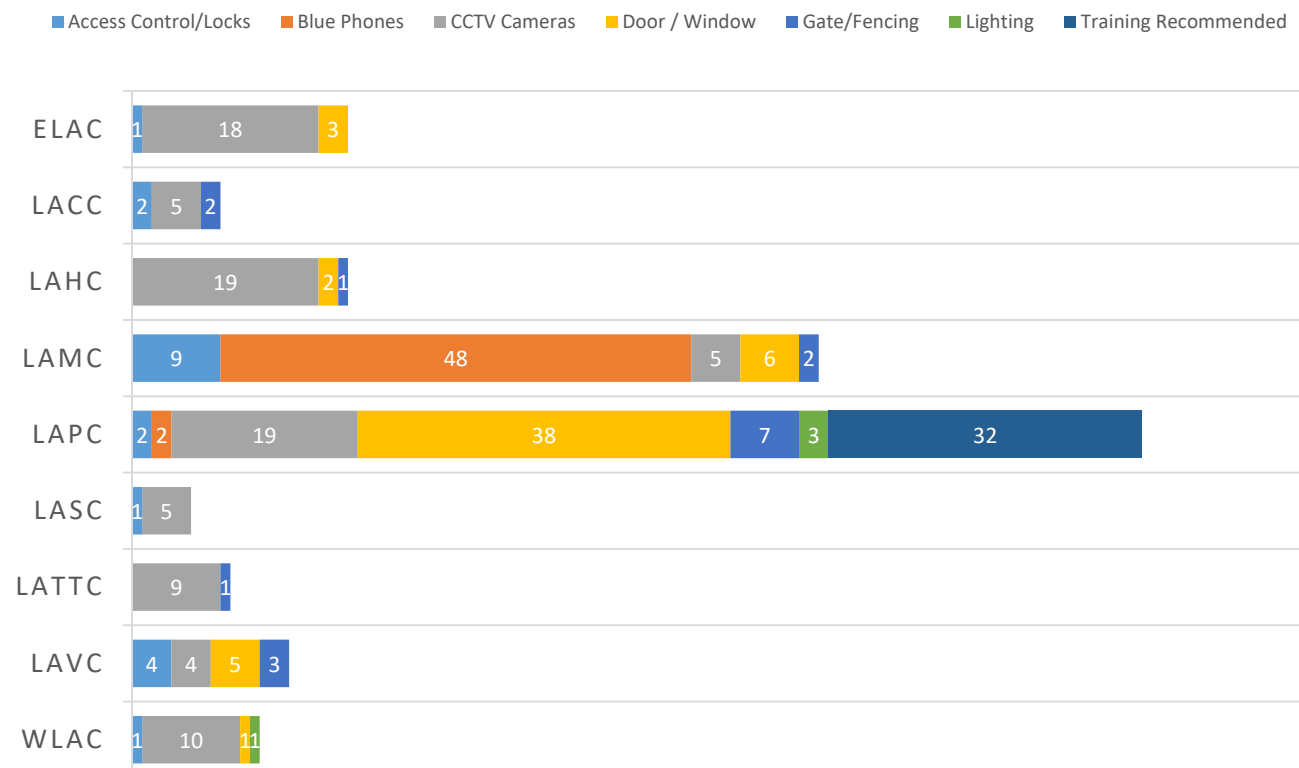

Community College Bureau (cont.)

The Los Angeles City Fire Department along with Deputies entered the LAHC Library and treated all acting gunshot wound victims (LAHC Students/Faculty Volunteers). Once the acting suspect was arrested, LAHC lockdown was lifted and LAHC Administration activated their Incident Command System.

This exercise illustrated the different aspects of an active shooter scenario and allowed cooperation between multiple agencies. A special thank you to all who participated in this exercise. Our priority at LASD Community College Bureau is to create a safe learning environment for students and faculty.
