## EXECUTIVE SUMMARY

The Los Angeles County Sheriff's Department (Department) is committed to maintaining a secure and constitutional jail system. As part of this effort, a periodic report is essential to better understand and quantify population trends. This ***Custody Division Population Quarterly Report*** summarizes data collected during the fourth quarter of 2025 and is produced by the Population Management Bureau (PMB) Analysis Unit.

The Average Daily Inmate Population (ADIP) in the Los Angeles County (County) jail system during the fourth quarter of 2025 was 13,200. This is higher than the fourth quarter of 2024 average of 12,650.

To manage the inmate population, the Department continued to use percentage release. The short sentence releases have remained at 240 days since July 24, 2022. Inmates serving traditional county sentences completed 10 percent of their court ordered sentences. Inmates serving sentences for felony serious and/or violent offenses (M7 charges) served 100 percent of their sentences, minus any time credits earned. Inmates sentenced under 1170 PC (AB109) served 100 percent of their sentences, minus any time credits earned.

On October 1, 2023, Pre-Arrestment Release Protocols (PARP) were initiated for arrestees with non-violent, non-serious felonies and misdemeanors. PARP has diverted many arrestees that would have otherwise entered the county jail system.

Proposition 36, known as The Homelessness, Drug Addiction, and Theft Reduction Act, took effect on December 18, 2024. This modified existing laws and added substantive charges and enhancements to areas of the Penal Code and Health and Safety Code regarding theft, property damage, and drug-related crimes. The Superior Court of California issued an addendum making some of the charges Magistrate Review (MR), which will result in more inmates being held in the county jail.

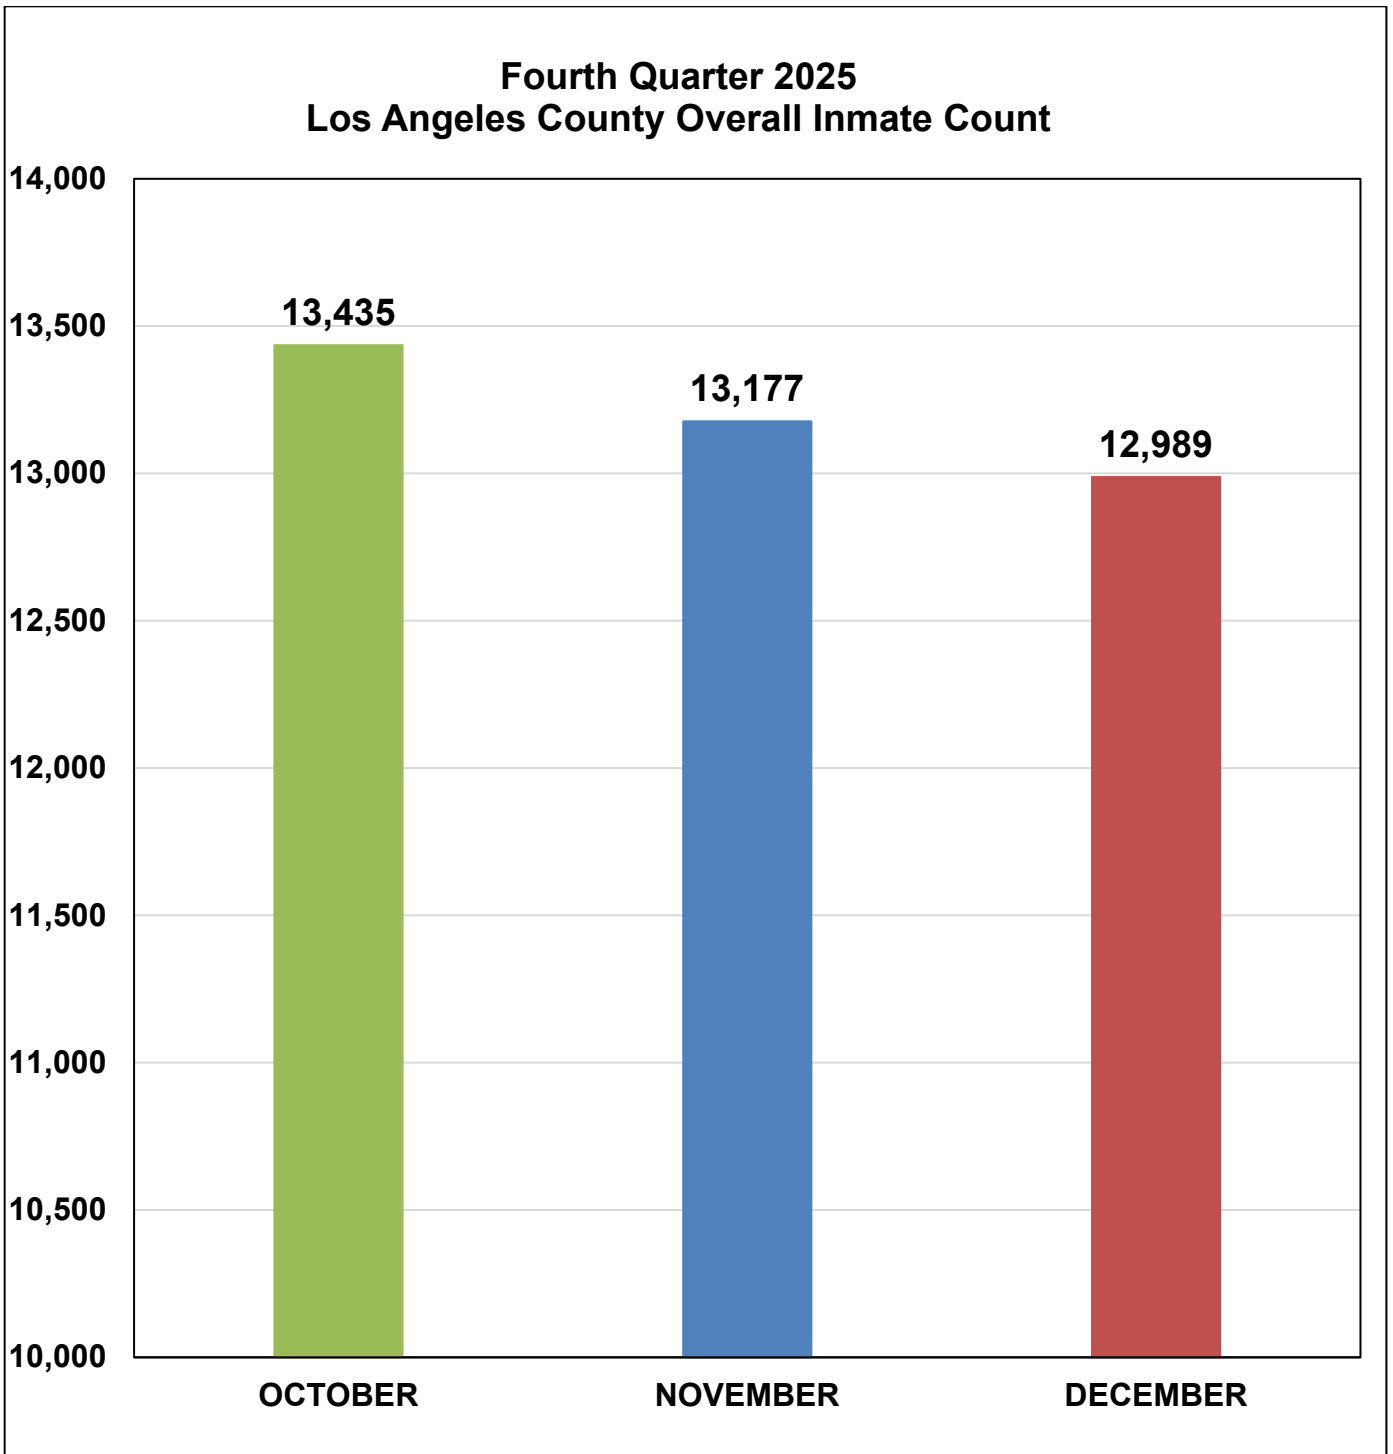

The Traditional County Sentenced (TCS) population this quarter was approximately 974, higher than last quarter's total of 905. The number of inmates sentenced under 1170 PC was approximately 986, which is lower than last quarter's total of 990.

The mental health population increased from 6,347 last quarter to 6,506 this quarter and comprised 49 percent of the total inmate population. During the fourth quarter of 2024, the mental health population was 5,698 and comprised 45 percent of the total inmate population.

*Information encompassed in this report/document depicts data related to a specific date and time. Data may differ based on numerous factors related to an inmate's status, disposition, facility, etc. Information may differ based on systems queried, archived information, date/time parameters or numerous other factors. Information in disparate reports should not be combined as data sets may be inconsistent in queries and responses.*

## FOURTH QUARTER 2025 - ARRESTS VS. BOOKINGS

The graph below compares the total arrests and bookings for this quarter.

## FOURTH QUARTER 2025 – BOOKINGS VS. RELEASES

The Department averaged approximately 5,715 releases this quarter. This is a 4% increase compared to last quarter’s average of 5,492 releases.

## COUNTY JAIL RELEASE PRACTICES

To manage the inmate population, traditional county sentenced inmates were subject to early release under the following conditions. In 2020, additional release measures were implemented to help mitigate the spread of COVID-19. These measures included increasing the number of days credited toward early release for short-term sentences and reducing the percent releases to 10%. These accelerated release policies have remained in effect to date in order to maintain a reduced inmate population.

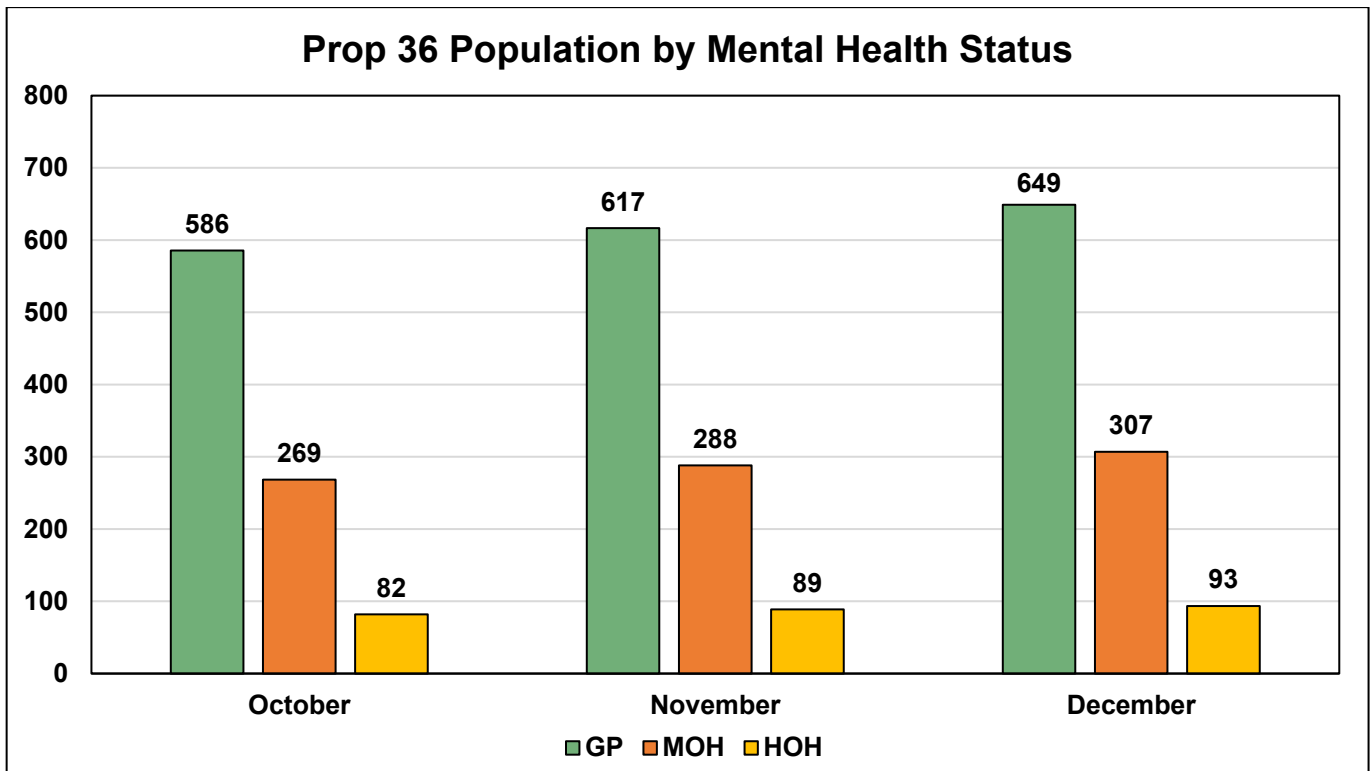

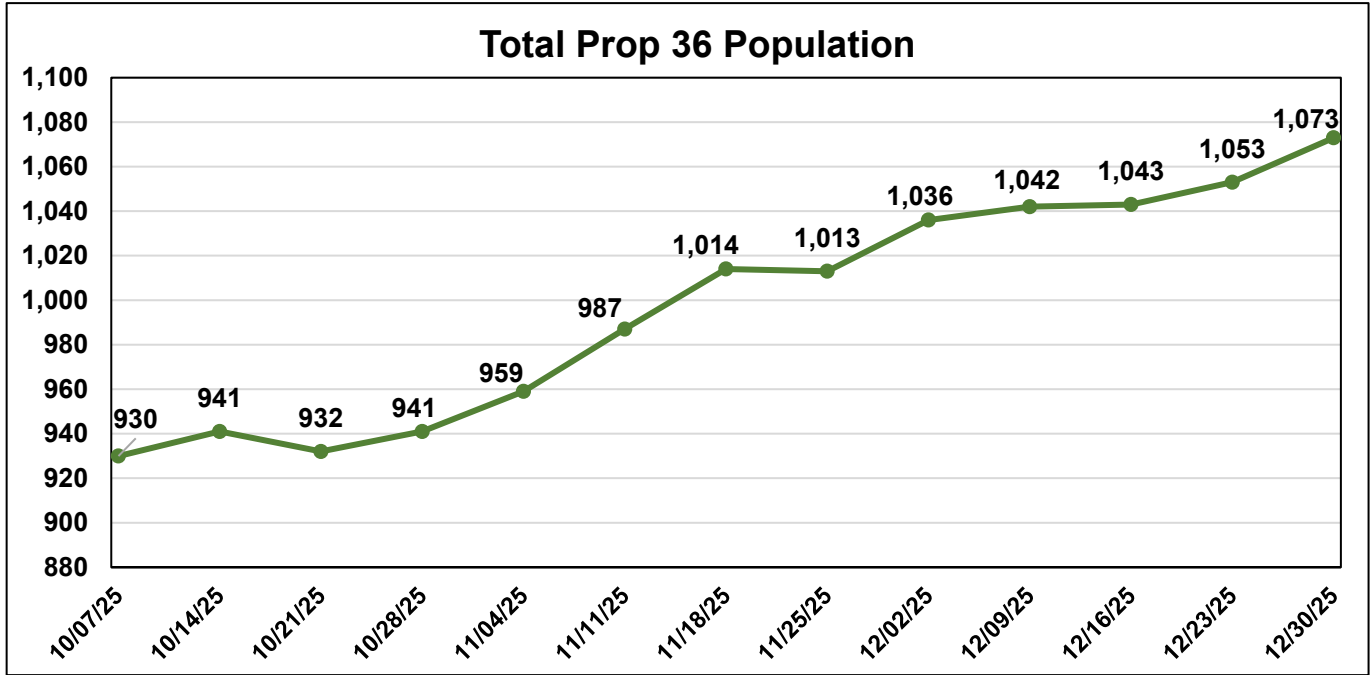

Month	Release Criteria		M7 Release Criteria <sup>1</sup>		Short Sentence <sup>2</sup>	
	Male	Female	Felony	Misdemeanor	Male	Female
July	10%	10%	100%	100%	240 days	240 days
August	10%	10%	100%	100%	240 days	240 days
September	10%	10%	100%	100%	240 days	240 days

<sup>1</sup> Inmates classified as M7 have sentences for designated serious and/or violent offenses or have notoriety in the community, which requires their record jacket to go through extra security checks upon release from LASD’s custody.

<sup>2</sup> Shorts are inmates sentenced to a term in county jail, which after all legal credits are awarded and the current jail percentage time is considered, are immediately released from LASD’s custody after processing from court.

## PROPOSITION 36 IN-CUSTODY POPULATION

On December 18, 2024, Proposition 36 took effect, modifying existing laws and adding substantive charges and enhancements to sections of the Penal Code and Health and Safety Code related to theft, property damage, and drug crimes.

\*Monthly averages are gathered every Monday.

\*\*Proposition 36 inmates include inmates with additional, more serious charges that would have led to custody regardless of the Prop 36 charge.

## JAIL POPULATION BY SECURITY LEVEL

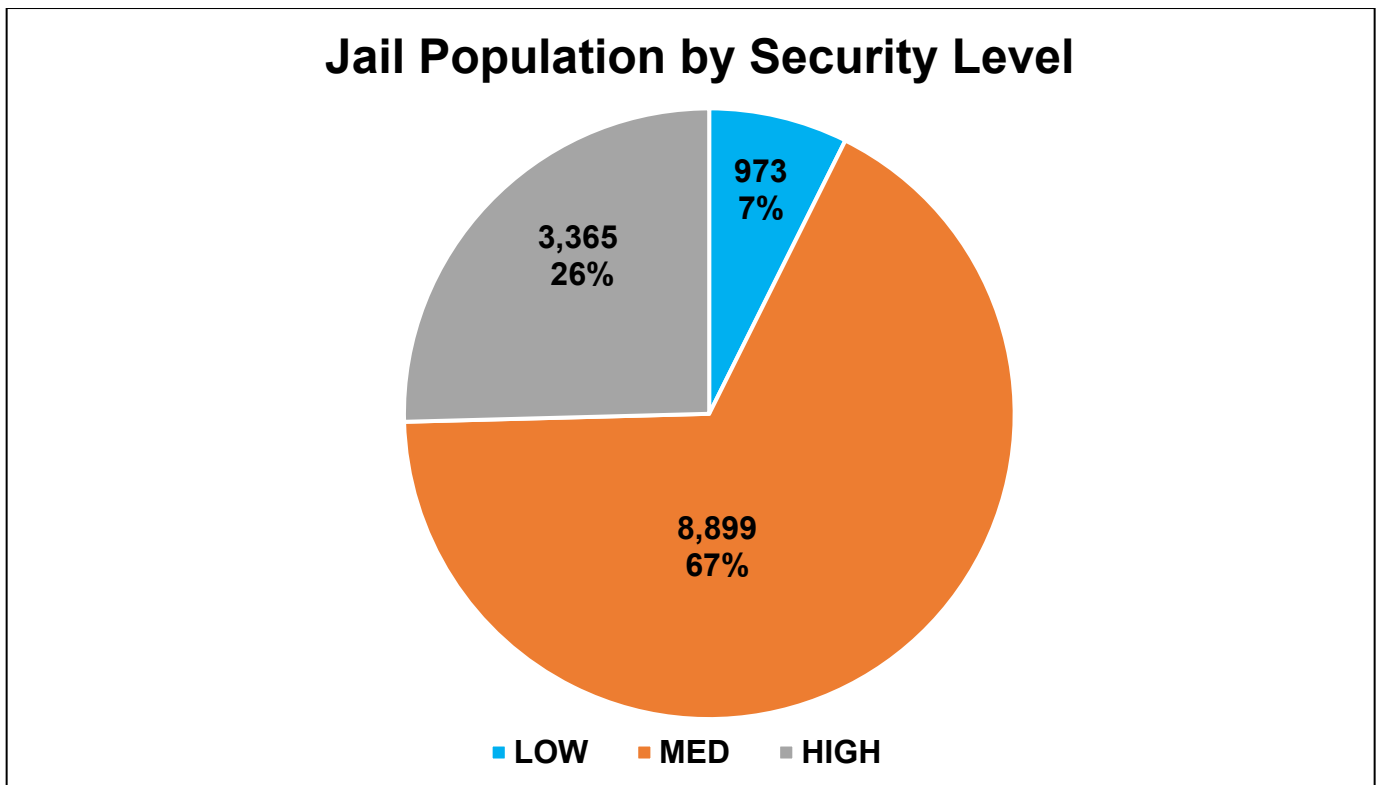

The Department utilizes the Northpointe Classification system to assign security levels to inmates. The security levels guide where an inmate will be housed based on their individual risk for in-custody misconduct. Lower security housing areas offer more programming and privileges to better prepare the inmates for release. Higher security housing is more restricted and therefore limited in what programs are offered, due to potential risk of serious misconduct and/or escape. All inmates are re-evaluated for reclassification of security level every 45 days.

Jail Population by Security Level				
Month	Low	Medium	High	Total
July	1,001	9,038	3,431	13,470
August	967	8,879	3,355	13,201
September	952	8,779	3,310	13,041

\*This chart only includes inmates housed in LASD Type II facilities, it does not include inmates housed in alternative custody beds.

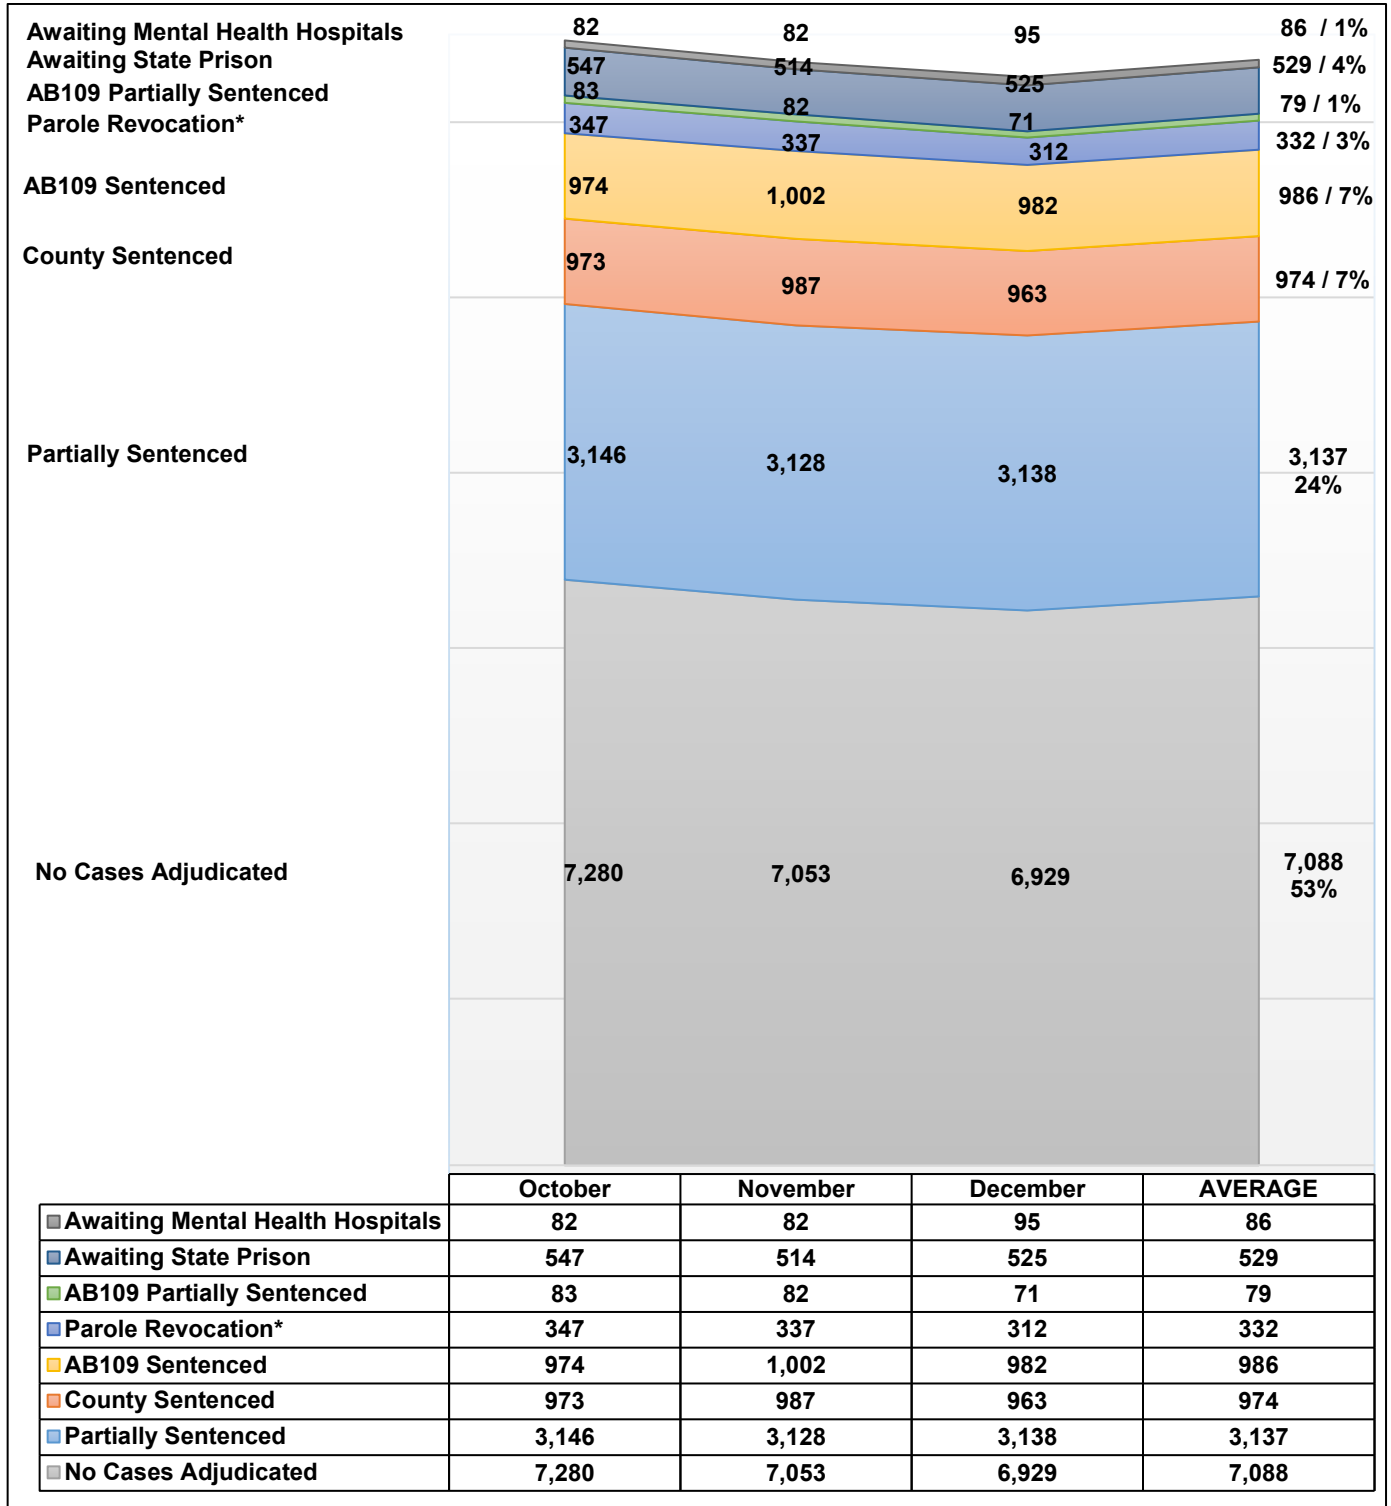

\*\*Information contained is based on a snapshot of the daily inmate population purged every Tuesday.

The pie graph below depicts the average number of inmates housed this quarter by security level. The percentage is calculated to the Facility ADIP for this quarter (13,237).

## INMATE POPULATION BREAKDOWN

The inmate population consists of various categories of inmates in broad groupings, including: no cases adjudicated, traditional county sentenced, AB109 sentenced, AB109 sentenced with additional charges, parole/revocation violators, and those awaiting transfer to state prison.

\*Parole Revocation includes PRCS Revocation 3455, Flash Incarceration 3454 and Inmates with a 3056 hold.

\*\*This report is a general overview of the inmate population. As it does not include all subgroups of the inmate population, it is not intended to be relied upon as a definitive representation of the entire inmate population.

## **INMATE POPULATION BREAKDOWN CONTINUED**

- **AWAITING STATE PRISON**

During this quarter, an average of 529 inmates were awaiting transfer to state prison, some while pending trial on other cases.

- **AB109 PAROLE AND PROBATION VIOLATORS**

An average of 332 AB109 inmates were in custody for violating their parole or probation.

- **AB109 SENTENCED**

An average of 986 inmates were in custody, sentenced under AB109.

- **TRADITIONAL COUNTY SENTENCED INMATE POPULATION**

The average daily count for the TCS population was 974, approximately seven percent (7%) of the inmate population.

- **NO CASES ADJUDICATED**

During this quarter, there were approximately 14,384 new bookings into County jail. Fifty-three percent (53%) of the average daily inmate population (13,200) was comprised of inmates who did not have their cases adjudicated. These include inmates who have an open case and have not been sentenced by the courts, along with court returnees and inmates enroute to other agencies with no Los Angeles County matters. Court returnees are inmates returning from state prisons or state hospitals to either face new charges, re-litigate past crimes, follow up on competency reports or for civil matters (witness, child custody, etc.).

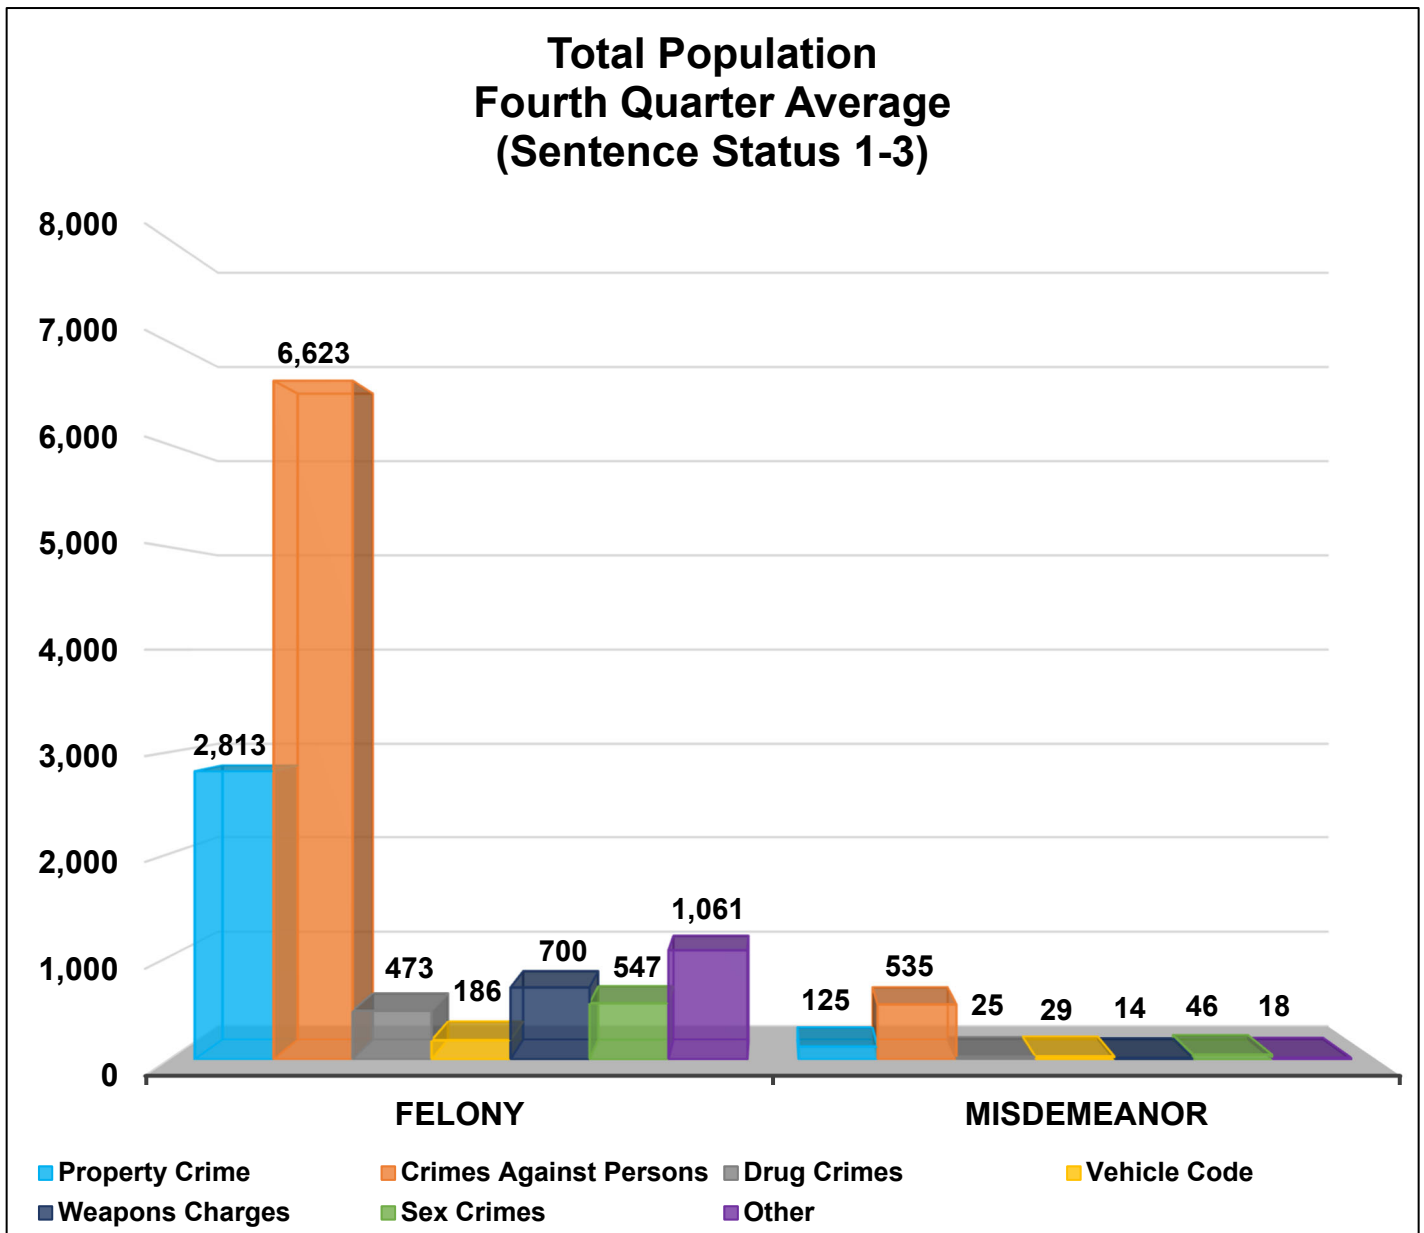

## CRIME CLASSIFICATION STATISTICS

## MENTAL HEALTH INMATE POPULATION

This quarter, the overall inmate population was 13,200, of which the mental health population averaged 6,506 and accounted for 49 percent. Inmates identified with mental health needs requiring specialized moderate or high observation housing account for 40 percent of the overall population. The remaining 9 percent have been treated and continue to receive psychotropic medication while housed in general population.

\*Information contained is based on a snapshot of the daily inmate population every Tuesday.

## MISDEMEANOR INCOMPETENT TO STAND TRIAL (MIST)

County jail houses inmates who are awaiting trial for misdemeanor charges who have been found to be incompetent to stand trial. This quarter, the average number of inmates on MIST is 192.

# **IN-CUSTODY PROGRAMS**

## LA COUNTY INMATE IN-CUSTODY PROGRAMS

The Los Angeles County jail offers several in-custody programs. They vary from in-custody work assignments, vocational job training, education, and life skill classes, as well as fire camp training and CDCR fire camp placement for AB109 inmates. Various programs awarded sentenced inmates additional time credits for their participation pursuant to the California Penal Code:

### CREDIT EARNINGS

Program	Penal Code	Credit Earned	Type of Inmate
<b>Sentenced GT/WT</b>	4019 PC	Day-for-Day (1:1)	All Sentenced Inmates
<b>Conservation</b>	4019.1 PC	One and one half-for One (1.5:1)	All Sentenced Inmates
<b>Fire Camp</b>	4019.2 PC	Two-for-One (2:1)	AB109 Sentenced Inmates
<b>Milestone*</b>	4019.4 PC	Up to 6 weeks per year	All Sentenced Inmates

\*Milestone credits are retroactively applied for unsentenced inmates.

### CONSERVATION WORK PROGRAM

The Conservation Work Program (CWP) requires inmates to complete their adjusted sentence while working in various job classifications, giving them the skills and work discipline necessary to increase their chances of success once released. Effective January 2015, all sentenced offenders, including TCS inmates are eligible to receive credits pursuant to Penal Code Section 4019.1. For this quarter, approximately 1,469 offenders (11% of the population) participated in CWP.

<b>CONSERVATION WORK PROGRAM (CWP)</b>				
Inmate Type	October	November	December	Quarterly Average
Participating Inmates	1,514	1,480	1,414	<b>1,469</b>

\*Information contained is based on a snapshot of the daily inmate population every Tuesday.

### EDUCATION BASED INCARCERATION PROGRAMS

The Education Based Incarceration (EBI) Program uses traditional and non-traditional education which is designed to reduce incarceration by increasing the educational, civic, social, economic, and life skills of its participants. Offenders who are sentenced are eligible to receive credit pursuant to Penal Code 4019.4. For this quarter, 128 milestone credits were awarded.

## **FIRE CAMP TRAINING PROGRAM**

Fire Camp Training and California Institute for Women (CIW) training are aligned under the CWP. This program is the first step of training before an inmate may participate in a state-facilitated Fire Camp program overseen by the CDCR. Offenders who are sentenced under AB109 are eligible to receive credits pursuant to Penal Code 4019.1. The average number of inmates enrolled in the Fire Camp training program for this quarter was 16.

## **CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION** **FIRE CAMP PROGRAM**

Once an inmate passes all necessary requirements in the Fire Camp training program located at Pitchess Detention Center (PDC) East facility, they are transferred to one of five state-contracted fire camp sites where they will serve the remainder of their adjusted sentence. Offenders who are sentenced under AB109 are eligible to receive credits pursuant to Penal Code 4019.2. The average number of inmates assigned to CDCR Fire Camp for this quarter was 7.

## **IN-CUSTODY SUBSTANCE TREATMENT AND REENTRY TRANSITION**

The jail-based Substance Treatment and Reentry Transition (START) treatment services provides substance use disorder (SUD) treatment services at the different jail facilities. Treatment services include screening, clinical assessment, group and individual counseling, case management services, medication-assisted treatment, re-entry planning and care coordination.

# **ALTERNATIVES TO CUSTODY PROGRAMS**

## **ALTERNATIVES TO CUSTODY PROGRAMS**

The Community Transition Unit (CTU), the Community Based Alternatives to Custody (CBAC) unit, and the Compliance Team work together by utilizing a variety of alternatives to custody programming options in an effort to enhance an inmate's chances of success upon release. These programs are conducted in collaboration with local agencies including community and faith-based organizations, Department of Mental Health (DMH), Department of Public Health (DPH) and other organizations. It is the Department's goal to program inmates from intake through re-entry into the community. With this approach, the Department hopes to increase public safety and reduce the rate of recidivism.

Supported by release planning overseen by the CTU, and in partnership with contracted services, inmates are provided re-entry assistance through linkages to services that are initiated while they are in-custody and continued upon release. Through the Alternatives to Custody (ATC) programs, qualifying inmates are afforded the opportunity to complete the remaining portion of their sentence in a community treatment program. Inmates who do not qualify for ATC due to security or other reasons are referred to community providers for re-entry assistance.

The ATC programs include:

### **SUBSTANCE TREATMENT AND REENTRY TRANSITION PROGRAM**

The Substance Treatment and Reentry Transition (START) program is a DPH and Substance Abuse Prevention Control (SAPC) funded program that places eligible male and female inmates into residential substance use disorder (SUD) treatment programs on electronic Global Positioning System monitoring as an ATC program.

### **SPECIALIZED TREATMENT FOR OPTIMIZED PROGRAMMING PROGRAM**

The Specialized Treatment for Optimized Programming (STOP) program is a collaborative initiative between the Justice, Care and Opportunities Department (JCOD) and LASD. The program places eligible inmates into community-based housing and individualized rehabilitation services to promote safe re-entry into the community and reduce recidivism. All participants are on GPS monitoring.

## COMMUNITY BASED ALTERNATIVES TO CUSTODY

The Population Management Bureau's (PMB) Community Based Alternatives to Custody (CBAC) unit identifies qualified, low risk, sentenced offenders within the jail population to finish their remaining sentence in an out-of-custody alternative environment. Although these individuals are outside of traditional custody, they are still under the jurisdiction of the Department.

It shows the number of offenders who failed to complete the program, and with the efforts of the PMB Compliance Unit, returned to finish their sentence. It also shows those who failed to complete the program and were not returned to custody.

## CTU COORDINATED RELEASES TO VARIOUS PROGRAMS

The final 90 days leading to an inmate's release from custody are the most critical in ensuring a successful transition from custody to Community Based Organization (CBO) treatment centers. During the time leading up to their release, inmates are interviewed several times by the CBO staff and members of the CTU to ensure that they are matched up with a suitable treatment provider.

The coordinated release process helps to create trust between law enforcement, inmate participants and the CBOs. The CTU's goal is to provide a successful recovery and re-entry into the community and to ultimately decrease recidivism.

## CTU VITAL RECORDS

Through the Vital Records Program, Department staff members have been deputized by the County Registrar-Recorder to facilitate birth certificate applications for inmates born in Los Angeles County who have requested a certified copy. The fee of \$32 for certified copies of birth certificates is funded by the Inmate Welfare Fund.

All inmates in custody may apply for a replacement California Identification Card. The issued IDs are provided to the inmates upon their release. The inmates must still report to the California Department of Motor Vehicles (DMV) to obtain a driver's license following their release.
